WILLIAM LUTHER PIERCE

Dr. William Luther Pierce is Executive Director of the National Youth Alliance, Washington, D.C. (WDC).

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On July 27, 1972, a confidential informant who has furnished reliable information in the past advised that Pierce rents Post Office Box 9473, Rosslyn Station, Arlington, Virginia 22209, and also maintains a post office box in the name of [REDACTED] The latter was identified by the source as Post Office Box 2081, Fredericksburg, Virginia, 22401. b6 b7C

The above source disclosed that Pierce operates a four-door Plymouth hardtop automobile bearing current Virginia license number DPE 545.

AN OPEN LETTER

On the death of

J. EDGAR HOOVER

\* \* \* \* \*

May 5, 1972

TO: Patriotic Members of The Congress  
Patriotic Leaders, Organizations and Publications  
Individual Patriots

Dear Compatriots:

You are certainly well aware of the recently mounting pressures by revolutionaries and radical "intellectuals" to oust FBI Director J. Edgar Hoover. In the face of those pressures, three conditions qualified his continuing in office: (1) Mr. Hoover's declaration that he would not resign; (2) President Nixon's political fear of removing him from office before the upcoming elections; and (3) the possibility that Mr. Hoover's enemies could remove him by induced physical means.

On the evening of May 1st (how cabalistically significant that date!), Mr. Hoover died at his home. Now please note the following quotations from the Washington Evening Star. Under date of May 2, 1972: "News of Hoover's death was not made public until 11:00 A.M. - - - There was no immediate indication of the cause of death and there had been no public knowledge that Hoover was ill. - - - and only recently he had said that his health was excellent." - - - From Mayflower Hotel personnel: "Mr. Hoover looked real well yesterday" (i.e., the day before his death) - - - .

Under date of May 3d: "Meanwhile, the exact cause of Hoover's death apparently will never be known - - - . Dr. Luke (Dr. James Luke, the D.C. Coroner) listed death as caused by 'hypertensive cardiovascular disease', and 'probably resulting from Hoover's history of mildly high-blood pressure'. (Underscore added) - - - Dr. Luke would not speculate if a heart attack directly caused death and said an autopsy was not warranted. - - - There's no question it was a natural death, a conclusion based on his medical history and the circumstances of the death. - - - Asked about conflicting reports that Hoover was discovered by his maid either in his bed or lying beside it, Dr. Luke added: 'I am not going to get into that. It's irrelevant.'"

Isn't it amazing that first the Coroner officially listed the death as being heart-connected and then said that he would not speculate if a heart attack directly caused the death? How does the Coroner conclude that natural death could be based on "the circumstances" when he cites the conflicting reports of the circumstances as being irrelevant? And why so much emphasis by the news media that

the death was natural and that no autopsy would be held. Is this a case of "protesting too much" and, at the same time, an insidious lulling of the public mind?

Conditions of national turmoil have been gradually ripening so as to "justify" full dictatorship under the Presidency through invocation of Executive Orders. In preparation for such dictatorship, the necessity for the invisible government's machinery to control the FBI is all the more urgent. It is, therefore, almost inconceivable that President Nixon, outright tool of the Rockefellers and the Council on Foreign Relations, will replace Mr. Hoover with someone not of, or controlled by, that ruling power behind the government.

When Representative Cornelius E. Gallagher, D-N.J., calls for "establishment of a civilian review board to cleanse and purify FBI files", he is using thinly veiled language. Therein lies the threat of the CFR and its financed revolutionary Left to capture the FBI files and perhaps meld them with those of the Anti-Defamation League. Thereafter, their use for the persecution of patriots who object to treasonous federal government can be expected. If substantial resignations of loyal, patriotic FBI employees occur, they will merely leave vacancies whereby more inimical lackeys will be hired.

Thus the timing of Mr. Hoover's death, natural or otherwise, could not have been more advantageous to the enemies of the United States.

Knowledgeable patriots are aware that an all-powerful international cabala has not hesitated in the past to promote high-level assassinations and "mysterious" deaths of those who would thwart their plans for global control. To those conspirators, a living J. Edgar Hoover, with his vast fund of inside knowledge, was a threat as long as he held office, whether or not he was fully active. With Mr. Hoover dead, their satanic path lies fully open for the first time since 1924.

What, then, really happened? The facts seem to be that an ostensibly healthy man was suddenly found dead under irregular circumstances; the announcement was delayed; the official report was illogically garbled; and the pro-communist media have been stressing that the death was natural and that there would be no autopsy. The American people deserve far more than this and they have cause to be highly suspicious. At the very least, immediate steps should be taken to instigate an autopsy under the surveillance of an independent doctors' team.

I urge each person who receives a copy of this letter to take whatever individual or official action is indicated to have a proper autopsy performed at the earliest possible moment. This action should include an emergency Congressional investigation, if necessary. With their representatives leading the effort, our citizens should demand the precise medical reasons for the cause of Mr. Hoover's death. The facts should be speedily ascertained and widely proclaimed.

In the name of God, let us not run the risk of failing to investigate the possibility that yet another officially arrogant whitewashing and flagrant public hoodwinking have surrounded the death of a loyal, highly esteemed servant of the American people.

Yours for honor and duty to Country,

*Edward J. Hatfield, Jr.*

## INTRODUCTION

It can now be proved beyond all doubt that our Nation and its citizens have been the victims of a true conspiracy for control of the world. This satanic plot, deriving from several alien ideologies and secret societies, has been sponsored by international degenerates whose greed for money and lust for universal power has caused human misery almost surpassing belief. Systematically organized and financed, a vast and pervasive network of interlocked groups and subversive fronts has worked for decades to produce the chaos required for the conspirators' full-scale drive into world government. In the United States, the major conspiratorial front is the Council on Foreign Relations. Of immense power and influence, the CFR has operated within, and captured control of, successive Presidential Administrations from Roosevelt to Nixon.

The "Eastern Establishment" represented by the CFR is an invisible government consisting of Political Zionists, internationalist Jews (as differentiated from patriotic Americans of the Jewish faith), and both Jewish and non-Jewish internationalist bankers, financiers, supercapitalists and radical intellectuals. This international Money Power finances Communism, promotes Socialism, creates economic ruin, foments revolution and instigates wars. On the human wreckage produced thereby, the ruthless constituents of this Money Power plan to create the global slave society over which they will become the elite which owns the world's wealth and resources.

The influence of this Establishment has been transmitted via subverted government branches and agencies; and, through the machinations of controlled Congresses, Treaty Law and Administrative Law have been substituted gradually for Constitutional Law. As a result, the citizenry is being subjected to increasing socialistic controls which will culminate in full Presidential dictatorship according to existing Executive Orders designed for that purpose.

Thus, the United States of America, at all levels of government, are in the process of being reduced to a conglomerate of sovietized regions. This national sovietization is in preparation for the future role of the United States as a major component in a World Socialist State. The resulting one-world, one-government, one-religion social structure of economic serfs will be characterized by utter tyranny. The prerequisite condition for the realization of this goal is that all national sovereignties, peoples and religions be ended, homogenized and destroyed.

The Establishment's primary attacks, which are devastating our country and, indeed, the whole of Western Civilization, are in the areas of economics, war and

revolution, religion and race. These major thrusts have completely decimated the socio-economic framework of our 20th Century society and have effectively rendered our Constitution a mere scrap of paper. Through control of the communications media, both major political parties and the public education system, the culture perverters have so cleverly and malevolently poisoned all American institutions and thought processes that the totality of their evil influences now threatens our very national survival.

#### CITIZENS FOR AMERICAN SURVIVAL (CAS)

Citizens for American Survival was founded in mid-1969 by Edward J. Hatfield, Jr. of Fairfax, Virginia in order to combat the International Money Power-Zionist-Communist-"Liberal"-Left combine. The organization is designed to lead in supplying a potent counterforce to that combine's assault on the Constitution of the United States and the liberties of the American people.

Citizens for American Survival is comprised of Virginians, out-of-State supporters and nationally known advisors----all dedicated patriots in the Americanist cause. Local volunteer workers help CAS to staff educational projects and to engage in psycho-political activism as part of the desperate battle for the survival of the United States as a sovereign constitutional Republic.

#### STATEMENT OF PURPOSE

The primary purpose of Citizens for American Survival is to educate for action so as to restore the national security and honorable free-world leadership of the United States by: nurturing its sovereignty; reviving its free-market economy; ensuring its military power; and by subduing all socialistic and totalitarian threats, internal and external, to the Nation's continued existence.

The secondary purpose of CAS is to engage in action --- vigorous, responsible and relentless --- to protect the property right, and to restore and preserve: a patriotic, representative Government under God, the law and the Constitution; our cherished freedoms, centered on the importance of the individual; and the national morality, based on our religious and cultural heritage.

#### ACTION PROGRAMS

The following programs are typical of those sponsored, and engaged in, by Citizens for American Survival:

1. Constitutionalism --- Organized citizens' action against the 1313-type revision of the Virginia Constitution, part of the Establishment's effort to introduce Regional Government and destroy the Federal Constitution through wreckage of the constitutions of all the sovereign States;
2. Youth --- Attempts to break down public-school socialist and "democratic" indoctrination by giving lectures directly to high-school students on the merits of constitutional government, freedom and free-enterprise Capitalism, and on the evils of Socialism;

3. Taxation --- Work with taxpayer groups to protest increasing confiscatory taxation and to encourage a tax revolt among the citizenry;
4. Unity of Patriotic Effort --- Work to unify the efforts of genuinely patriotic groups and leaders, and to weld them into a cohesive counterrevolutionary force of national dimensions; exposure of phony conservative, and of neutralizing or exploitative Rightist, leaders;
5. Race and "Racism" --- Education on the importance of race in understanding and preserving the heritage of Western Civilization; also, teaching the genetic truth about the specious use of race to promulgate equalitarianism and environmentalism, vicious propaganda tools for undermining the structure of our society;
6. Economics --- Teaching the truth about panics and depressions, particularly that the unconstitutional Federal Reserve System itself is the internal engine of inflation which, used in the devastating manipulation of money and credit, ruins the savings and steals the property of the citizens;
7. Wars and Revolutions --- Education on the utilization of planned no-win wars and deliberately fomented revolution as the means to make confused and worn-out Americans clamor for dictatorial government "solutions" and to seek the false peace of the United Nations, which is the CFR/Money Power instrument for global conquest;
8. Religion --- Exposure of the insidious effects of the "New Evangelicalism"; the spiritual communism of materialistic, Judaized "Christian" dogma; and the deliberate perversion of Old Testament prophecy, which are the subtle means of promoting the illegitimate State of Israel and the destruction of Christianity by Christians themselves via the hoax of Ecumenism;
9. Journalism --- Work to found a fighting, new patriotic journal as the means to educate on the aforementioned programs, to arouse citizens to action and to attack directly the lies, distortions and propaganda of the Establishment's communications media such as the New York Times, the Washington Post, CBS and the television and entertainment industries;
10. Political Activism --- Work to expose the fallacy of the two-party system which is the controlled, two-label political machinery of the Money Power-Zionist-"Liberal" Establishment; work to promote an independent, constitutionalist party; and efforts to recall or impeach derelict representatives or treasonous government officials;
11. Lectures --- Speeches and lectures, by arrangement, on various topics.

## FINANCIAL SUPPORT

It is well known that any organization which identifies, and fights against, the real enemies of this country cannot expect to be financed by any of the so-called big money. Such financing, by numerous wealthy patrons and, for example, the Ford and Rockefeller Foundations, is reserved for the support of revolutionaries and subversive "think-tanks". Consequently, Citizens for American Survival depends on the voluntary contributions of patriotic supporters who know that we recognize the evil forces bent upon our destruction and have the courage to fight them.

We understand that the "conservative dollar" is appealed to both by genuinely patriotic and obviously phony conservative organizations. Part of our program is to expose the Trojan-horse or exploitative "conservatives" and "anti-communists" in our midst. Many of these seize upon a single emotional facet causing an instinctive patriotic response, and then proceed to mount the usual appeal for contributions of \$1000, \$500, \$100, \$10 or \$5 --- "or whatever you can afford". These appeals constitute a growing racket from which, obviously, the money accomplishes nothing toward saving this Nation.

We do not intend to be single-issue "conservatives" nor professional money raisers entreating "concerned citizens". We stand whole as an organization for national survival --- on all and whatever the issues! We encourage supporters, who have learned gradually which causes are bona fide, to help us in any way they can and to the extent they can really afford. But they should do this only when their money is carefully budgeted among other organizations which also may deserve their support and whose colors they know to be true.

Almost as important as the money required to expand our efforts is the need for names and addresses of interested patriotic citizens. We solicit such names with the understanding that, unless otherwise indicated, their sources will be held in strict confidence.

Title:

WILLIAM LUTHER PIERCE

Character:

EXTREMIST MATTER - NATIONAL YOUTH ALLIANCE (NYA)

**Synopsis:** During the period of this investigation, PIERCE moved his residence from Triangle, Virginia, to Chancellor, Virginia, and his office from 1656 33rd Street, N.W., Washington, D.C. (WDC), to 1022 Wilson Boulevard, Suite 2012, Arlington, Virginia. PIERCE is Executive Director of NYA, Editor-in-Chief of NYA publications and Secretary-Treasurer of the NYA corporation. He is the final authority in all matters pertaining to NYA and writes, edits and publishes the NYA newspaper, "Attack!" PIERCE is creator of "Revolutionary Notes," a series of articles published in "Attack!" which purport to instruct readers on construction of explosives and incendiaries and techniques of urban guerrilla warfare. Editorials and articles in "Attack!" suggest revolutionary tactics to destroy "the System," including political assassination and sabotage. PIERCE is alleged to be the source of incendiary devices purchased by an informant and is said to be able to provide dynamite and other explosives for sale. The incendiary and explosive devices reportedly are made by PIERCE, and it is known that he has received laboratory equipment and chemicals, including potassium chlorate, as "Purchasing Agent" of ECO Labs, a fictitious entity using NYA Headquarters address, 1656 33rd Street, N.W., WDC. PIERCE represents the NYA in all policy meetings and makes all public appearances in behalf of NYA. He allegedly was assaulted during a speaking engagement at The George Washington University, WDC, on 2/3/72, and brought suit against the university for \$50,000 damages. PIERCE SHOULD BE CONSIDERED POSSIBLY ARMED AND DANGEROUS.

B. Employment

PIERCE is Executive Director of the National Youth Alliance, Post Office Box 3535, Georgetown Station, Washington, D.C., 20007, and maintains a business office at 1022 Wilson Boulevard, Suite 2012, Arlington, Virginia. He previously rented office space at 1656 33rd Street, N.W., Washington, D.C., until August 21, 1972.

(WF T-2,  
August 21, 1972)

The National Youth Alliance (NYA), is an organization formed from a nucleus of Youth for (GEORGE C.) WALLACE supporters following the 1968 presidential election for purpose of countering radical leftist

and anarchist influences on the campuses of American colleges and universities. NYA is currently controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

The subject's business telephone is (Area Code 703), 525-3223.

(WF T-2,  
August 24, 1972)

Mrs. [redacted] State Corporation Commission, Blanton Building, 1220 Bank Street, Richmond, Virginia, advised on March 16, 1971, that the NYA was incorporated in the State of Virginia on October 14, 1970, under Charter Number 128608. The subject was listed as a Director of the corporation and its Registered Agent.

b6  
b7C

On February 16, 1972, [redacted] State Corporation Commission, Richmond, Virginia, advised that the NYA had filed its Annual Report on February 14, 1972. This report showed the subject to be Secretary-Treasurer of the NYA corporation, in addition to being a Director and Registered Agent of the corporation.

*member National Youth Alliance*

It was reported on July 31, 1972, that [redacted] had been designated by the subject to be the new Registered Agent for the NYA corporation.

(WF T-2,  
July 31, 1972)

On January 20, 1972, it was reported that PIERCE, as Executive Director of NYA, had absolute authority in all matters pertaining to the NYA. The other Directors of the corporation were identified as FLOURNOY S. PIERCE, subject's brother, 782 Louise Avenue, Fairfield, Ohio, who held the position of President, and CHARLES H. MC GUIRE, National Office Manager of NYA, who held the position of Vice President. FLOURNOY S. PIERCE was said to have no actual connection with the NYA organi-

zation or its affairs, and MC GUIRE was identified as an office assistant to the subject.

(WF T-2,  
January 20, 1972)

The subject has the title of Editor-in-Chief of NYA publications and writes, edits and publishes the NYA tabloid newspaper, "Attack!"

(WF T-2,  
January 20, 1972)

C. Automobile

PIERCE was said to operate a four-door Plymouth hardtop automobile bearing 1972 Virginia License Number DPE 545 as of July 27, 1972.

(WF T-2,  
July 27, 1972)

II. EXTREMIST ACTIVITIES

Dr. WILLIAM PIERCE currently is affiliated with the NYA in Washington, D.C., and publishes the NYA publication, "Attack!". Articles in this publication give information on how to make bombs.

PIERCE formerly was affiliated with the National Socialist White People's Party of Arlington, Virginia, but broke with the party over party issues and finances during the Summer of 1970. PIERCE has not been welcome at National Socialist White People's Party Headquarters since that time, and party officials, including Commander MATT KOEHL, are very suspicious of him. KOEHL was said to be somewhat fearful that PIERCE and a group of dissident Nazis in Cleveland under the leadership of JOHN BEATTIE, *Ph.D.* formerly head of the Nazi Party in Canada, might be scheming against the National Socialist White People's Party of Arlington, Virginia.

(WF T-3,  
October 18, 1971)

The National Socialist White People's Party (NSWPP), also known as the American Nazi Party, American Nazis,

and the George Lincoln Rockwell Party, was organized on February 26, 1956, at Arlington, Virginia, based upon the concept of an international "National Socialist" movement as espoused by the German Nazi Party headed by ADOLPH HITLER. The organization supports and follows the line of hatred against Negroes, Jews and communists through various propaganda media seeking a legitimate dominant political party in the United States and foreign countries.

A. Revolutionary Writings

A series of articles entitled "Revolutionary Notes" has appeared in the NYA publication, "Attack!", since the Summer, 1971 (Number 6), issue. "Revolutionary Notes" is the creation of the subject and is published for the purpose of providing right-wing militants with information and techniques for use in counter-revolutionary situations. Materials of the type appearing in "Revolutionary Notes" has long been available to left-wing groups, and NYA is now making the same type of information available to its followers. The techniques described in "Revolutionary Notes" are readily available in "underground" publications and non-classified government manuals.

(WF T-2,  
January 20, 1972)

The first "Revolutionary Notes" article, which appeared in the Summer, 1971 (Number 6), issue of "Attack!", discussed the construction and capabilities of "Medium-Sized Bombs." This article was prefaced with the following statement:

"As the progressive disease of liberalism makes further inroads in the American body politic, activists of all persuasions have a growing scope for the pursuit of revolutionary activities. Until now, direct action has been the nearly exclusive preserve of America's internal enemies.

"This and future Revolutionary Notes will endeavor to provide the patriot with the same information which is already in the hands of our leftist enemies.

"The emphasis will be on the specifics of urban guerrilla warfare."

A letter written by the subject which was mailed to NYA subscribers together with the Summer, 1971, issue of "Attack!", states that "the accompanying issue of 'Attack!' signals a new phase in the development of the NYA. It will be a phase of intensive organizing, using the most radical and aggressive methods we can devise."

Also appearing in the Summer, 1971 (Number 6), issue of "Attack!" at Page four was an editorial captioned "Why Revolution?" This editorial is quoted in part as follows:

"It is no longer possible to cure the System - to bring Frankenstein's monster to heel - by Constitutional methods.

"We do not need to reason with the monster; we need to put a bullet into its brain and hammer a stake through its heart. If that means blood and chaos and battling the alien enemy from house to house in burning cities throughout our land - then, by God, it is better that we get on with it now than later.

"If 'responsible' citizens have no stomach for it, then the task must fall to our radicalized youth. And it is the responsibility of the National Youth Alliance to take a leading position in coming revolutionary developments, so that young Americans can build a revolution for America and for our people, instead of serving as pawns in the alien-controlled, anti-American and anti-White revolution of the Marxists."

(WF T-4,  
August 17, 1971)

The above issue of "Attack!" was the basis for an article by PAUL W. VALENTINE in the August 22, 1971, issue of "The Washington Post and Times Herald," a daily newspaper published at Washington, D.C., at Page D-1, entitled "Extremists on Both Ends Tell How to Blast the Middle." This article states:

"The so-called Radical Right has joined the so-called Radical Left here in the latest revolutionary gambit: publishing instructions on how to blow the so-called Establishment Middle to smithereens.

"The current issue of 'Attack!', the newspaper of the ultra-right-wing Arlington-based National Youth Alliance carries an article entitled 'Why Revolution?', accompanied by detailed instructions and diagrams on how to make a dynamite bomb out of a thermos bottle.

\* \* \*

"In describing the easily concealed thermos bottle bomb, 'Attack!' says, 'Skillful use of this important weapon alone, by a mere handful of intelligent terrorists, can virtually cripple any major city in America- at least temporarily.'

\* \* \*

"WILLIAM PIERCE, who is editor of 'Attack!', would not pinpoint the origin of the thermos bottle bomb diagram and instructions but said it is 'approximately the same information that is available in military field manuals . . . . Many of the manuals are classified, but they are still available.'

"Explosives specialists in both government and private industry here were reluctant to evaluate the 'Quicksilver' manuals or 'Attack!' diagrams.

"If they're a little bit mixed up in their instructions, we sure don't want to set them straight," said SCOTT WAFFLE, press spokesman for the Alcohol, Tobacco and Firearms Division of the Internal Revenue Service. "We don't want to give them a training course."

The above "Washington Post" article, as well as "Revolutionary Notes" and the editorial "Why Revolution?" from the Summer, 1971 (Number 6), issue of "Attack!", have been reproduced, and copies are included in the Appendix to this report.

The Fall, 1971 (Number 7), issue of "Attack!" included an editorial entitled "What We Must Do Now," which advocates "revolutionary action" by right-wing forces in America. "Revolutionary action," according to this editorial, "is sabotaging the means by which the System rules"; "killing the creatures who comprise the System and those who collaborate with the System"; and "waging real warfare against the System, using whatever means are most effective in weakening, in crippling, in ultimately destroying the System."

The above editorial states:

"We must think \* \* \* in terms of assassinating federal judges, of burning the stores of businessmen who act as if they are more interested in what's good for business than what's good for White America, of dynamiting the TV transmitters and newspaper presses of the alien news manipulators, of harshly punishing Whites -- male or female -- who fraternize sexually with non-Whites, of putting the fear of terrible retribution into every treacherous politician and System-serving editor, advertiser, bureaucrat, or other public person."

(WF T-4,  
November 3, 1971)

The editorial, "What We Must Do Now," has been reproduced, and a copy is included in the Appendix to this report.

A letter written by the subject was furnished to NYA subscribers, together with the Fall, 1971 (Number 7), issue of "Attack!" This letter is quoted in part as follows:

" \* \* \* But we are not in the business of peddling conservative pap to right wingers. We are engaged in a struggle, against desperate odds, for the souls of America's young idealists - which is a struggle for the whole future of America and, in the long run, of the White race. We must be imaginative, innovative, ruthless, and utterly practical in this struggle. We must discard tactics which do not work and adopt tactics which do work, regardless how distasteful these new tactics may be to some. If necessary, we may occasionally overstep the bounds of propriety or legality, and some of us may go to prison. But we must not fail!"

(WF T-4,  
November 3, 1971)

The above letter has been reproduced and is included in its entirety in the Appendix to this report.

The fifth in the series of "Revolutionary Notes" articles, which appeared in the March, 1972 (Number 10), issue of "Attack!", is concerned with "Target Selection." This article is quoted in part as follows:

"Proper targets, rather than the wild-eyed bolsheviks throwing bombs or the Zionist agitators arrogantly making demands, are the public figures clearly identified in the peoples' minds with both the System and unpopular policies: a federal judge who has just issued a major busing decision, a White school board chairman who has sold his own

race down the river, an Equal Employment Opportunities Commission official who is currently in the news, an editor of the Washington Post or the New York Times during a period of controversy over bias of the media, a stage legislator sponsoring gun-control legislation.

"Of all the inanimate targets available, perhaps the best are the physical facilities of the System's opinion-control media: newspaper presses, transmitters, antenna towers. On a smaller scale: newspaper delivery trucks, theaters showing neo-liberal propaganda films, mobile TV units."

(WF T-4,  
March 29, 1972)

A reproduction of the above "Revolutionary Notes" article is included in the Appendix to this report.

Also included in the Appendix to this report are copies of the remaining "Revolutionary Notes" articles, through Number Nine, which have been published to date. These articles are described as follows:

"Revolutionary Notes 2" on "Improvised Detonators" appeared in the Fall, 1971 (Number 7), issue of "Attack!"

(WF T-4,  
November 3, 1971)

"Revolutionary Notes 3" on "FGAN Bombs (1)" appeared in the December, 1971 (Number 8), issue of "Attack!"

(WF T-5,  
December 3, 1971)

"Revolutionary Notes 4" on "Incendiary Plaster" appeared in the February, 1972 (Number 9), issue of "Attack!"

(WF T-4,  
February 11, 1972)

"Revolutionary Notes 6" on "Molotov Cocktail" appeared in the May, 1972 (Number 11), issue of "Attack!"

(WF T-4,  
May 10, 1972)

"Revolutionary Notes 7" on "Firearms; Street Fighting" appeared in the June, 1972 (Number 12), issue of "Attack!"

(WF T-4,  
May 31, 1972)

"Revolutionary Notes 8" on "Terrorism; Sniping" appeared in the July, 1972 (Number 12), issue of "Attack!"

(WF T-4,  
July 26, 1972)

"Revolutionary Notes 9" on "Assassination" appeared in the September, 1972 (Number 14), issue of "Attack!"

(WF T-2,  
August 21, 1972)

The September, 1972 (Number 14), issue of "Attack!" contains an article on Page Eight entitled "Why doesn't Someone Shoot Her?" The subject of this article is Hollywood actress JANE FONDA, who "made a series of propaganda broadcasts over radio Hanoi while she was in North Vietnam, July 8-22. The broadcasts were intended to demoralize American servicemen in South Vietnam." The article compares FONDA's activities in North Vietnam to those of WILLIAM JOYCE ("Lord Haw Haw") and EZRA POUND in behalf of the Germans and Italians, respectively, during World War II and points out that JOYCE was hanged after the war and POUND was "confined to an insane asylum." The article concludes:

"But the loathsome communist bitch, JANE FONDA (sic), still enjoys life, liberty, and the admiration of U.S. liberalism after committing treason against America. Since our government has lost the will and the ability

to deal with traitors, the people must take that responsibility upon themselves."

The above article has been reproduced and is included in the Appendix section of this report.

B. Revolutionary Activities

On October 29, 1971, a confidential informant advised that he had learned of a contact through which incendiary devices, dynamite, dynamite caps, fragmentation and smoke grenades and stink bombs could be purchased. The source said that he had previously purchased two of the incendiary devices at a cost of \$7.50 each. He described the incendiary devices as small cylindrical metal objects about two and one-half to three inches in length.

The above source learned that the incendiary devices and other items are obtained from an individual named [redacted] who is employed at the [redacted] Washington, D.C. According to the source, [redacted] obtains the incendiary and explosive devices from Dr. WILLIAM PIERCE, a former member of the NSWPP who operates the Western Destiny Bookstore in Washington, D.C.

(It is noted that the Western Destiny Bookstore, 1656 33rd Street, N.W., Washington, D.C., was formerly the book sales division of the NYA).

The informant last mentioned above learned that [redacted] is also a former member of the NSWPP who quit the party because he believed that its members were not true Nazis. [redacted] reportedly is involved in assisting Dr. PIERCE with NYA activities. The source learned that [redacted] allegedly had been arrested for assaulting a demonstrator during [redacted] demonstrations near the Capitol in Washington, D.C. [redacted] reportedly made the statement that he [redacted]

(WF T-1,  
October 6, 1971)

On December 8, 1971, [redacted] a youthful white activist from the Washington, D.C., area who is known to have contact with a number of white racial activists and militant ring-wing organizations, gave the opinion that articles appearing in the NYA publication, "Attack!", on how to make explosive and incendiary devices had been "lifted" by the subject from so-called leftist "underground" publications.

C. NYA Activities

On October 20, 1971, it was reported that Dr. WILLIAM PIERCE of the Western Destiny Bookstore in Washington, D.C., had been in contact with the man who assaulted Soviet Premier ALEKSEI N. KOSYGIN during KOSYGIN's recent visit to Canada.

(WF T-6,  
October 20, 1971)

("The Washington Daily News," a daily newspaper formerly published at Washington, D.C., reported on October 19, 1971, that on the previous day in Ottawa, Canada, "a young man shouting, 'long live Hungary,' broke through rings of security police and leaped on Mr. KOSYGIN's back before being hauled away by police." According to the article, the attacker had been identified by police as GEZA MATRAI, a Hungarian emigree, who reportedly belonged to the "far-right Edmund Burke Society.") Hungary Mich.

An article appearing in the February, 1972 (Number 9), issue of "Attack!" at Page Four, under the caption "Unity Meeting in Detroit," states that the subject represented the NYA "at a Canada joint meeting in Detroit, December 18, sponsored by Detroit's Breakthrough and the Toronto-based Edmund Burke Society." D.C. Andrews According to this article, a dinner was given honoring GEZA MATRAI, and PIERCE thereafter conferred with DON ANDREWS of the Edmund Burke Society and DON LOBSINGER of Breakthrough. It was stated that "Possibilities for collaboration between the three groups in order to combat increasing harrassment (sic) by the media and the authorities were explored." Mich. DONALD Andrews

(WF T-4,  
February 11, 1972)

On April 18, 1972, it was reported that the subject intended to visit Toronto, Canada, on April 29, 1972, in order to attend a function of an organization known as Western Guard. This

organization formerly was known as the Edmund Burke Society and is headed by one D.C. ANDREWS. The function which PIERCE expected to attend was to be held at 7:00 p.m., on April 29, 1972, at 125 Broadview Avenue, Toronto, Canada.

A confidential informant on July 27, 1972, provided a copy of the July, 1972 (Volume 4, Number 9), issue of "Straight Talk!", a publication of the Western Guard (formerly the Edmund Burke Society), Post Office Box 544, Scarborough, Ontario, Canada. The Western Guard is self-described therein as follows:

"The Western Guard is a movement dedicated to preserving and promoting the basic virtues of Western Christian Civilization - individual freedom; individual responsibility; a self-sacrificing love of country; and a willingness to work and pay one's own way and not be a burden on others. These virtues have made our civilization great. Communism, socialism and welfare-state liberalism are tearing it apart. The Western Guard stands for a regeneration of Western Civilization and firm action against all its enemies.

"The Western Guard is financed mainly through small donations from generous Canadians. Straight Talk! is produced by voluntary labour."

(WF T-2,  
July 27, 1972)

It was announced in the June, 1972 (Number 12), issue of "Attack!" that discussions held April 29, and 30 (1972), at Toronto between WILLIAM PIERCE of the NYA and DONALD ANDREWS and JOSEPH GENOVESE, representatives of the Western Guard, had led to an agreement whereby Western Guard activism will be reported in "Attack!" and distribution of "Attack!" will be made in Canada by Western Guard members and supporters. It was stated "that the two organizations would continue their parallel programs as presently established, NYA in the United States and the Western Guard in Canada, but that, to the greatest extent feasible, consultation and collaboration on all action projects

WFO 157-2396

and propaganda would take place, with the particular aim of exploiting certain complementary aspects in the resources of the two groups." It was stated that ideologically the Western Guard program closely matched that of NYA.

(WF T-4,  
May 31, 1972)

The July, 1972 (Volume 4, Number 9), issue of "Straight Talk!", publication of the Western Guard (formerly the Edmund Burke Society), Post Office Box 544, Scarborough, Ontario, Canada, contained an article on pages twelve and thirteen entitled "America Surrenders!" by "Dr. W. PIERCE of Attack magazine." This article appears to be a reprint of an article with the same title which appeared in the June, 1972 (Number 12), issue of "Attack!"

(WF T-2,  
July 27, 1972)

An article appearing in the Fall, 1971 (Number 7), issue of "Attack!" at Page Three, entitled "Editor-in-Chief Gives Phila. TV Speech," announced that on August 26 (1971), "Attack!"'s editor, Dr. WILLIAM PIERCE, "gave a hard-hitting 10-minute speech over Philadelphia's WTAF-TV, outlining NYA's goals and activities." This article states that PIERCE "emphasized how NYA stands out from all other youth organizations. Of all the anti-communist youth groups in America, only NYA is both militant and radical - i.e., with a revolutionary program; and of all the radical, militant youth groups, only NYA is anti-communist and pro-American."

(WF T-4,  
November 3, 1971)

On December 3, 1971, it was reported that the printing of 10,000 copies of the NYA publication, "Attack!", had been completed on that date and turned over to Dr. WILLIAM PIERCE. The subject handled all negotiations for the publication of the newspaper, and the total printing costs for the issue amounted to \$223.08.

(WF T-5,  
December 3, 1971)

The subject made a personal appearance on the campus of The George Washington University, Washington, D.C., on the evening of February 3, 1972. He reportedly was invited to the university by a member of the student program board to address interested students in behalf of the NYA. It was alleged that announcement of PIERCE's appearance was withheld from the general student population and that PIERCE was actually confronted upon his arrival at the university by a group of hostile, Jewish activists. PIERCE was said to have been pelted with eggs and a stink bomb and threatened with physical assault during the appearance. It was alleged that the Jewish Activist Front of The George Washington University had acted in collusion with members of the Jewish Defense League to lure PIERCE onto the campus for the purpose of assaulting him.

(WF T-2,  
February 10, 1972)

The Jewish Defense League (JDL), founded in 1968, is composed primarily of young Jewish militants who consider themselves as defenders of "Jewish rights." Demonstrations attempting to dramatize the Jewish problem in Russia and similar demonstrations against Arab establishments have often resulted in violence. Rabbi MEIR KAHANE, founder and National Director, has stated publicly on many occasions that violence is sometimes necessary to accomplish JDL aims.

"The Hatchet," a student publication of The George Washington University, confirmed the alleged assault on PIERCE in its issue of Monday, February 7, 1972 (Volume 68, Number 29). The story of the incident appearing in "The Hatchet" is quoted in part as follows:

"The Jewish Activist Front of GW, which did have members at the incident, disclaimed any responsibility for the incident. According to JAF member JAMES LAMPKE, 'We planned to have a verbal heckling, and then walk out. But circumstances were beyond our control. People from outside the campus came in - not anyone

from our group was connected with the egg or stink bomb throwing.'

"Shortly after the incident, the Jewish Defense League of Washington notified the Hatchet that 'We're responsible for it.'

\* \* \*

"The Program Board, which sponsored Pierce's appearance, passed a resolution Friday in part saying 'The event . . . was a wholly irresponsible act by the people who resorted to the use of physical violence. We . . . cannot condone the heckling of a speaker, and . . . the use of physical violence to disrupt any program.'"

(WF T-7,  
February 10, 1972)

On February 24, 1972, information was received that attorneys representing the subject had been in contact with the president of The George Washington University concerning the incident of February 3, 1972, and indicated an intention to pursue any legal recourse available as a result of the assault and battery on PIERCE while visiting The George Washington University campus.

(WF T-7,  
February 24, 1972)

The April 24, 1972, issue of "The Hatchet" carried an article on Page Two entitled "Ex-Nazi Pierce Sues GW, Asks \$50,000 For Assault." This article referred to the alleged assault on PIERCE while on the campus of The George Washington University for a personal appearance and reported that PIERCE was suing the University for damages in the amount of \$50,000.

A leaflet issued in June, 1972, announced that WILLIAM GILLESPIE had been chosen "Official 'NYA' Delegate" during the period June 1 - October 1, 1972. The leaflet was in the form of a letter written by the subject and addressed "To Whom It May Concern." The letter indicated that GILLESPIE was the authorized

NYA representative during the designated period. This leaflet was distributed as an insert to a brochure entitled "Western Youth," which announced the "First Inter-European Anti-Communist Youth Congress" scheduled for September, 1972, in Munich, Germany.

(WF T-2,  
June 1, 1972)

The July, 1972 (Number 13), issue of "Attack!" included a photograph on Page Four which showed NYA activists demonstrating on "Constitution Avenue" in Washington, D.C. PIERCE is identified in the caption to this photograph and is shown holding a banner reading "Kissinger and Nixon Traitors! National Youth Alliance."

(WF T-4,

D. Miscellaneous

An article appearing in the October 1, 1971, issue of "The Washington Post and Times Herald," at Page A-16, captioned "Mailing List Theft Laid to Lobbyist," states that Dr. WILLIAM PIERCE, Editor-in-Chief of NYA publications, had been indicted in Superior Court the previous day on charges of receiving stolen property. The article identifies the stolen property as a mailing list belonging to Liberty Lobby, a rival conservative group. The list allegedly contained 24,000 names and was valued at more than one hundred dollars. The article states that according to Liberty Lobby, "PIERCE's group used the mailing list to send 'poison pen' letters to its own adherents criticizing the heads of Liberty Lobby."

Records of the office of the Clerk of the Superior Court for the District of Columbia (Criminal Division), Washington, D.C., disclosed on November 10, 1971, that PIERCE was arraigned on September 29, 1971, following an indictment charging him with a felony, i.e., receiving stolen property. The case was continued until November 16, 1971, for trial before Judge ALFRED BURKA.

Inquiry on December 8, 1971, at the office of Judge ALFRED BURKA, Superior Court of the District of Columbia, disclosed that criminal prosecution of PIERCE on the charge of receiving stolen property had been dismissed on December 7, 1971.

The name, "Dr. PIERCE," and the address of the NYA, 1656 33rd Street, N.W., Washington, D.C., appeared on a three-by-five index card which was maintained on January 18, 1972, at the headquarters at the National Party, 3210 Dumaine Street, New Orleans, Louisiana. It was believed that this and other similar cards comprised a roster of persons sympathetic to right-wing causes, or, possibly, members of the National Party, or another group in which DAVID DUKE, founder of the National Party, might have had an interest.

(WF T-8,  
January 18, 1972)

The National Party has been described by its organizer, DAVID DUKE, as a separate right-wing political organization, open to the public. The party opposes violence, believes in the Constitution of the United States, white supremacy, and separation of the races. Aims of the National Party are to be obtained through elected officials. The National Party has replaced the White Youth Alliance with many former White Youth Alliance members joining the National Party.

The White Youth Alliance has been publicly announced to be the youth group of the National Socialist White People's Party.

The subject reportedly was one of about ten individuals, including J. B. STONER, National States Right Party leader from Georgia, who appeared at the Washington Monument Grounds, Washington, D.C., on February 19, 1972, to participate in a protest rally sponsored by the National States Rights Party. PIERCE took pictures while the group picketed in Lafayette Park, opposite the White House, in protest to President NIXON's trip to China.

**'We Do Not Need to Reason'**

# Extremists on Both Ends Tell How to Blast the Middle

By Paul W. Valentine  
Washington Post Staff Writer

The so-called Radical Right has joined the so-called Radical Left here in the latest revolutionary gambit: publishing instructions on how to blow the so-called Establishment Middle to smithereens.

The current issue of "Attack!," the newspaper of the ultra-rightwing Arlington-based National Youth Alliance carries an article entitled "Why Revolution?," accompanied by detailed instructions and diagrams on how to make a dynamite bomb out of a thermos bottle.

The newspaper promises more instructions and diagrams in future editions.

## "Blood and Chaos?"

"The time has come when we must wake up and realize that the policeman on the street corner and the congressman in Washington are no longer either our guardians or our servants—they are the guardians and servants of the system," says "Attack!" in language barely distinguishable from that of many radical left journals.

"We do not need to reason with the monster," it continues. "We need to put a bullet into its brain and hammer a stake through its heart. If that means blood and chaos... then, by God, it is better that we get on with it now than later."

Until now, the radical left in Washington has been considerably ahead of the right in the business of publishing

and distributing information on urban guerrilla weapons and tactics.

In two editions last October and November, the underground "Quicksilver"

published a pair of "how-to" manuals giving elaborate instructions on the manufacture of a wide variety of explosive devices, booby traps and homemade guns.

## "Manual With Love"

The manuals feature instructions about jellied flame hand grenades, steel pipe pistols, nitroglycerin formulas, automobile accelerator bombs and an altimeter switch designed to detonate explosives in an airplane at a designated altitude.

"We have crossed a bridge from the old style of underground newspapers featuring mainly commentary on local, national and international events presented in a radical perspective, to the dissemination of revolutionary how-to information," said the "Quicksilver" with publication of the first manual.

"Study it. Share it. Make copies of it," said the paper which says it has a circulation of about 20,000. "And above all, be careful. Part of learning to care for each other is to learn to care for ourselves. We send this manual with love."

## "Patriot" vs. "Enemy"

The NYA newspaper, "Attack!" which says it has a circulation of 30,000 and is operated primarily by former American Nazi Party functionaries William Pierce

and Robert A. Lloyd III, says it will "endeavor to provide the patriot with the same information which is already in the hands of our leftist enemies." NYA president Louis Byers estimates NYA has 4,000 members in the nation.

In describing the easily concealed thermos bottle bomb, "Attack" says, "Skillful use of this important weapon alone, by a mere handful of intelligent terrorists, can virtually cripple any major city in America—at least temporarily."

It is "no longer possible to cure the system—to bring Frankenstein's monster to heel—by constitutional methods," it says at another point.

The "Quicksilver Times" is more cautious.

## No Violence

"It is still time for exhausting the last futile avenues open under the system," it says, "... but it is also time for arming individuals, collectives and organizations with preparatory self-defense information that no longer will be available when the present society changes over to fascism and state censorship rules publicity."

"Quicksilver" staff members say they consciously couched publication of the manuals in "self-defense" language and consulted with an attorney first about possible legal liability under various federal statutes prohibiting advocacy of violence.

# Extremists Tell How To Blow Up Middle

## EXPLOSIVES, From DI

"There's not one word that advocates violence in our paper," said "Quicksilver" staff member Terry Becker in an interview. "We're always careful to avoid that. But at the same time, everybody knows what our paper is."

### Congress Proposed

"It's not illegal to disseminate information on how to blow things up," he said.

Civil liberties attorneys generally agree. So do investigators for the Internal Security Subcommittee of the Senate Judiciary Committee, where a proposal aimed at curbing "Quicksilver Times"-style manuals was studied last year.

"There is nothing we can do," said one Subcommittee staff member this week. The proposed legislation, introduced by the late Sen. Thomas Dodd (D-Conn.), died in Committee last year and has not been re-introduced.

Becker would not say where the "Quicksilver Times" obtained the two manuals, but the paper described one of them as a "captured enemy document." It is entitled "Underground Manual Number 3," followed by the name Nick Parados and the date 1970. The other manual is called "Improvised Munitions Handbook" with no name or date.

### Specialists Silent

William Pierce, who is ed-

itor of "Attack!", would not pinpoint the origin of the thermos bottle bomb diagram and instructions but said it is "approximately the same information that is available in military field manuals . . . Many of the manuals are classified, but they are still available."

Explosives specialists in both government and private industry here were reluctant to evaluate the "Quicksilver" manuals or "Attack!" diagrams.

"If they're a little bit mixed up in their instructions, we sure don't want to set them straight," said Scott Waffle, press spokesman for the Alcohol, Tobacco and Firearms Division of the Internal Revenue Service. "We don't want to give them a training course."

Becker says there has been a steady demand at the "Quicksilver" office for reprints of the manuals, but he would not estimate the number of such requests. "Just lots," he said.

He said his organization had printed "extras" of the manuals in anticipation of such requests. Manual "Defensive"

Requests have come from both "movement people" and "straights," he said. "They were all very polite."

Becker defined the weapons and devices in the manuals as "defensive." Asked how that definition applied to an altimeter switch for blowing up airplanes in flight, he said, "When an airplane is being used to drop bombs on you, then whatever action you take against it is defensive."

"Quicksilver's" note accompanying its second manual concludes: "We print this document in a spirit of anticipatory self preservation, not as an incitement to violence."

# REVOLUTIONARY NOTES

As the progressive disease of liberalism makes further inroads in the American body politic, activists of all persuasions have a growing scope for the pursuit of revolutionary activities. Until now, direct action has been the nearly exclusive preserve of America's internal enemies.

This and future Revolutionary Notes will endeavor to provide the patriot with the same information which is already in the hands of our leftist enemies.

The emphasis will be on the specifics of urban guerrilla warfare.

## Medium-Sized Bombs

The medium-sized bomb — i.e., an explosive device small enough to be concealed on the person (under a coat, or in a briefcase, handbag, thermos bottle, or the like), yet large enough to do major structural damage to buildings, vehicles, etc. — is one of the most useful tools in the arsenal of the urban guerrilla. It is difficult to think of any significant revolutionary campaign in the 20th century which has not employed the bomb as a means for building a general climate of unease and for undermining the confidence of the populace in the constituted authority.

Urban America is made to order for the determined revolutionary armed with a stock of medium-sized bombs. Skillful use of this important weapon alone, by a mere handful of intelligent terrorists, can virtually cripple any major city in America — at least temporarily.

Although there were more than a thousand bomb incidents reported in the United States in 1970, they were scattered, sporadic, hit-or-miss, uncoordinated, and, with few exceptions, amateurish. Nevertheless, even bombing of that sort can have a cumulative, non-trivial effect on the public consciousness. A well-planned campaign of bombing can wreak utter havoc.

### Bomb Capabilities

A bomb containing one pound of high explosive and capable of being carried in a small purse or concealed by a folded-over newspaper can, for all practical purposes, destroy an automobile. It can completely wreck an

office. It can blow a respectable hole in a masonry wall. It can rupture any gas or water main or disable any power transformer, pump, or generator if properly placed. Even if detonated in a large lobby, it can cause enough damage to windows, doors, ceilings and wall surfaces to have a profound psychological effect.

A bomb containing between five and ten pounds of high explosive and capable of being carried in a briefcase or a large handbag, or concealed in a No. 10 grapefruit-juice can, can blast the entire facade off a small office building. It can do enough structural damage to the service core of a large skyscraper to disable all elevators and cut off all electrical power to the building. If left under the seat of a subway car over the front or rear axle, it can derail the train and cause a major subway tunnel blockage.

### Construction

For our purposes, a medium-sized bomb has three components: the main (secondary) explosive charge, the primary explosive charge (detonator), and the hardware.

In this Note we will consider the most common case, in which commercial dynamite and blasting caps are both available to the bomber, and only the hardware need be homemade. Later notes will deal with the improvisation of both secondary and primary charges.

The sketch shows the general layout of an electrically initiated time bomb. The only essentials, other than the dynamite and the electric blasting cap, are a flashlight cell and a watch (pocket or wrist) in reasonable running order.

The watch is prepared by removing the movement from its case and drilling a small hole in the plastic crystal at a point about halfway out from the center. The hole can also be made with a red-hot sewing needle.

The snipped-off end of a small nail or brad is fixed in the hole so that one end extends almost (but not quite) to the dial face and the other end projects about an eighth of an inch above the crystal. A dab of epoxy glue is used to firmly cement the nail end in place. (It is important to avoid the use of any non-epoxy glue which does not set rigid.) 27

A short length of light, flexible, insulated wire is soldered to the upper end of the nail. (The kind of wire used in portable transistor radios is ideal.)

The lower end of the nail must be bright and clean. It is scraped with a knife or a bit of fine sandpaper to be sure.

The minute hand is carefully removed from the movement and discarded (unless a delay of less than one hour is desired). The edge of the hour hand is scraped or sanded until it is bright, and it is checked for a good contact with the nail. If necessary, the tip of the hour hand is carefully bent away from the dial a bit.

Before the movement is replaced in the case, it is allowed to run down completely (unless the bomb is to be used immediately).

When the bomb is to be used the watch is wound fully and the desired time interval set between the hour hand and the nail. At the last possible moment, the bared ends of the wires from the blasting cap are twisted together with the wires from the flashlight cell and the watch, and all components are taped securely together with plastic tape.

If the bomb is to be inserted in a metallic container, such as a lunch box or a flashlight case, all exposed wire surfaces which might contact the container are first covered with tape.

In the next issue: improvised explosives.

# Why Revolution?

"If, by the instrument of governmental authority, a people is being driven to its destruction, then rebellion is not only the right, but the duty of every member of that people."

**DURING TIMES OF SOCIAL DECAY** and turmoil, the more responsible members of a society will nearly always be found supporting the constituted authority against the hostile or rebellious actions of disruptive elements. For the truly responsible and prudent citizen takes the long view, and he sees in the words of the Founding Fathers) that governments long established should not be changed for light and transient causes; that, however grievous may be the defects in any governmental policy or even in any system of government, it is nearly always preferable to tolerate those defects and to work for reform rather than to destroy the system.

## Order Before Justice

Most injustices and evils on the part of a government are, after all, tolerable, but the absence of order is not. Not only is order an indispensable prerequisite for any form of society and for all human progress, but life itself cannot long continue in its absence.

Western man has been guided in his upward struggle throughout the millennia by an inherent will-to-order. It is an essential aspect of our racial soul. To many, then, it seems natural that the best racial elements of our society should be the champions of law and order, while the worst elements should be the principal proponents of disorder, revolution, and chaos.

Yet, as with most things, there are limits beyond which blind support of governmental authority ceases to be a virtue and becomes instead an evil.

The great question of our day is: How much corruption must be tolerated for the sake of

order? When have things gone so far that reform of the System is no longer feasible and revolution becomes the responsible alternative? Where should the line be drawn?

## Americans More Servile

History does not help us much. The conditions which, 200 years ago, led our forefathers to decide that the line had been crossed are totally unlike those of today.

We could easily justify the toleration of unfair taxes, of governmental meddling in our personal affairs and infringement of local prerogatives, if we could thereby maintain an orderly society in these vastly more dangerous times.

Although we can admire the American colonists' fierce intolerance of tyranny, we, having become more servile and practical, would not rebel under similar circumstances. And if the issues troubling us were no more burdensome than those faced by them, the appellation "responsible conservative" would not be such an epithet of ridicule and contempt today.

## Government as a Utility

In order to understand when the support of governmental authority stops being responsible and becomes merely obstinate, we must examine the basic premises on which any government's right to exist is founded.

The prevalent view of the government today, shared by both liberals and conservatives, is that it is an expensive but necessary public utility whose principal functions are to maintain law and order, mediate squabbles among the citizenry, and provide certain general services, such as national defense, mail delivery, and a bureau of weights and measures.

There is a diversity of opinion, of course, on details. Laissez-faire conservatives take the attitude that the services provided by government — and, consequently, its operating

expense — should be kept at a minimal level. Welfare-oriented liberals are more inclined to demand the maximum of services and not worry about the expense.

## Not A Dime's Worth of Difference

In the most fundamental sense, however, right and left alike regard government from the same viewpoint: It is a dispenser of largesse; an oiler of the machinery of commerce, a source of favors and privileges, a traffic cop and an errand boy. Its role is to help keep society running smoothly so each citizen can "do his own thing" with a minimum of friction from others who are doing their things.

The consequence of this libertarian concept of government is the catastrophic state of affairs which exists in the Western world today.

We plunder and poison our environment, both physical and spiritual, while the government sits on its hands.

Perversion, drugs, organized crime, and political corruption flourish, and the state can do nothing.

Massive treason occurs in our streets; just as in the highest councils of our land, and rioting aliens burn our cities, while Washington looks on helplessly.

## System Is Sick

But this breakdown in operational function is only the outward manifestation of a far graver inner sickness — a sickness stemming from errors of the most fundamental sort in the very premises on which today's government is based.

It is clear that the men who sacrificed their lives at the Alamo had a deeper motivation than a desire to preserve the police power of the state. And those who died on Iwo Jima did not do so for the sake of the farm subsidy program or an independent judiciary.

Patriotism, in fact, has very little to do with law and order, the protection of property

rights, or the regulation of commerce. Contrary to libertarian claims, it has not much to do with freedom either. The preservation of freedom or of "the American way of life" may be convenient concepts around which to build war-propaganda slogans or election clichés, but the reasons men are willing to die in battle has more fundamental roots.

## Feeling for Own Kind

Though patriotic feelings may be developed and modified in citizens by education or indoctrination, the rudiments of patriotism are inborn. That inborn quality is simply the instinct for the preservation of one's own kind.

The only government which can rightly demand of its citizens loyalty unto death is a government based on this fundamental principle. A government properly constituted and a state properly conceived serve to express the collective will of a people — that is, of a group of human beings sufficiently homogeneous in their physical and psychological makeup that the fundamental concept of "kind" has real meaning for every member of that group.

Thus, the state — and much less any government — is no end in itself, but only a means to an end. That end is the preservation and advancement of a people — of a racial community.

## The Organic State

Only so far as a state is identified with the vital interests of a people is it entitled to the allegiance of that people. Such allegiance is then equivalent to loyalty to one's own kind, and such a state is *organic* in that its existence stems in a natural — one could even say *biological* — way from a natural community.

Any racially self-conscious citizen finds himself subject to two allegiances: that binding him to his own kind and that obligating him to his government. Of the two, the first has precedence. Only in an organic state do the two

### Multiracialism Is Absurd

A government which claims to represent the vital interests of a multiracial society is not only unnatural but absurd. To whom, for example, does the Bantu in South Africa or the Arab in occupied Palestine give his loyalty — to the government or to his own kind?

Neither the Afrikaaners nor the Jews are so foolish as to imagine it will be to the government, despite the multi-racial baloney to which they feel obligated to give lip service. For this reason, both Jew and Afrikaaner take care to keep all the strings of government in their own hands.

We in America have not been so smart — but, then, no other nation has ever been subjected to such a program of liberal brainwashing and internal subversion as we have.

### A Corrupt Monstrosity

The United States government has, through slow and (until the last 20 years) nearly imperceptible change, been transformed from an organic

institution embodying the will and aspirations of a free, White, and proud citizenry to a corrupt, unnatural, and degenerate monstrosity — irresponsibly catering to the dissolute tastes, desires, and whims of an increasingly debased, raceless conglomerate of materialistic serfs, products of the urban jungle and the most tyrannical thought-control apparatus the world has ever known.

As the government grinds massively onward, it behaves like a Frankenstein monster out of control. It has become completely alienated from the racial elements which originally created it and gave it life.

This terrible truth manifests itself daily in a thousand ways.

### Terror in the Schools

Every White student in the public school systems of America's cities, racially integrated by decree of the Justice Department, has experienced the terror which stalks his classrooms and recreation fields, hallways and restrooms. The daily shakedowns and beatings, indignities and intimidations bring a feeling of hopelessness and despair, because the government responsible for this classroom terror will not even admit that it exists.

Every White policeman and every White serviceman belonging to a police or military unit racially integrated by decree of City Hall or the Pentagon feels the loss of spirit and efficiency which has come as a result. He is sickened and discouraged by the slackening standards in his once-proud profession, by the growing corruption and rising drug abuse on the part of those who wear his uniform.

### An Alien Tide

Every working man whose union has been flooded with underskilled "minority" workers by Labor Department decree senses the loss entailed, not only to his craft or trade but to the

See REVOLUTION, p. 5

Summer 1971

## Revolution

nation. If he has any pride of workmanship he must sorrow as the old, hard-earned traditions of skill and excellence yield to the alien tide of "equality."

Every responsible and racially conscious public-school teacher, who, year by year, sees more and more lies and distortions in the textbooks he must use — textbooks which are being continually "revised" by decree of the Department of Health, Education, and Welfare — knows the shame of aiding in the planting of these lies in the minds of his young charges.

### Schools Racially Destructive

This is among the most deadly of all the System's racially destructive activities. Through its iron control over the educational process it deliberately alienates an entire generation of young Americans from their cultural and racial

antecedents. It applies the corrosive compound of half-truths and lies, calculated omissions and subtle psychological tricks to destroy all bonds between the individual and his racial community.

Our schools do not truly educate; instead they produce young people who, at worst, are so filled with artificially instilled feelings of guilt and self-hatred, the consequence of never-ending propaganda about "White racism" and the oppression of minorities, that they actively and consciously collaborate with the avowed enemies of our people. At best, we get young men and women who, having been denied the knowledge of the greatness and uniqueness of their race and of their responsibility as the bearers of that greatness and uniqueness, are indifferent to any appeal to

See REVOLUTION, p. 6

6

## Revolution

racial solidarity. They are all converts to the liberal religion of individuality — the view that the individual exists solely as an end in himself.

Every year — every day — that this deadly process continues brings us closer to that point of no return when there will be so few uncorrupted escapees from the public mind-molding institutions that no effective resistance to the System can any longer be built.

### Government Genocide

The United States government does not carry on its genocidal activities blindly or accidentally or against its will. It does not act reluctantly because of pressure from the alien-controlled newspapers and broadcasting networks.

The agencies of government are integral parts of the entire, corrupt System. They work hand in hand with the propaganda media to quench

any spark of racial consciousness which might threaten their rule.

Ultimately the System, in order to secure its own evil existence, seeks the destruction of every last remnant of the only race which, having created it, is also capable of destroying it.

### Servants of the System

The time has come when we must wake up and realize that the policeman on the streetcorner and the Congressman in Washington are no longer either our guardians or our servants. They are the guardians and servants of the System — though not necessarily consciously or with malice aforethought. More often they are ~~party~~ timeservers, more-or-less powerless cogs in the machine themselves.

Nevertheless, willingly or unwillingly, it is the System they serve.

The governmental structure

ATTACK!

which our forefathers built up to serve and protect us has been turned against us. Its strength is no longer our security but our peril. Its weaknesses are no longer our misfortune but our opportunity.

*The line has been crossed.*

Among racially conscious Americans there is widespread awareness of the destructive role of the System, but an equally widespread paralysis of the will where any remedy is concerned. Part of the fault lies in the fact that with Blacks and Jewish liberals and the spoiled, hairy brats of the Establishment shouting for a revolution, everyone else is inclined to regard revolution as a dirty word. To most mature and thoughtful patriots it is an abomination.

### A Trap for Conservatives

This attitude arises from a failure to understand that the "revolutionary" tactics of those elements presently rioting in the

streets are only a means of further emphasizing those things we already hate worst in the System. They only want to push us even faster along the road to racial ruin.

Thus, our "responsible conservatives" (and others) fall into the trap of saying: "No, the System is going fast enough the way you want it. We will oppose your revolutionary demands by defending the System against you."

And they still vainly seek solutions in the realm of reform rather than revolution: Write a letter to your Congressman. Send a dollar to help awaken your fellow citizens to the dangers of communism. Vote conservative. Join a tax protest. Pray that the earth will open and swallow the Supreme Court.

### Present Prosperity a Curse

When the average White working man can own a color TV set, two new cars, and a house in the suburbs, it is very

## Summer 1971

difficult to think revolution. We are comfort corrupted. No matter how bad the System is, we are unwilling to sacrifice our material luxuries for the sake of ~~creating the future of the race~~.

~~We find it difficult to accept~~ that it is better that we suffer ~~the worst conditions, the most~~ grinding poverty, the most tyrannical oppressions than that, wallowing in comfort, we allow the race to die.

And so we keep looking for easier ways.

But there aren't any easy ways. Maybe there were 50 years ago, but not today.

It is no longer possible to cure the System — to bring Frankenstein's monster to heel — by Constitutional methods.

### Democracy Meaningless

When the electoral process ceased being a person-to-person evaluation and choice of their representatives and leaders from among themselves by a properly qualified citizenry, the governmental forms handed down to us by a free Anglo-Saxon yeomanry lost their original meaning and relevance.

Today's political shell game, in which the entire public herd is allowed a "choice" from an array of media-generated images, makes a cynical mockery of the very concept of representative democracy.

As long as public opinion is not the spontaneous consensus of a racially and culturally homogenous populace but is the artificially created and manipulated concoction of a small clique of racially alien mind-molders, it is idle to contemplate bringing about, by System-approved means, any significant governmental change contrary to the wishes of those who control the System.

Yet, millions of optimistic patriots perennially convince themselves that they have found an honest politician who, if only they can sneak him past the professionals and get him elected, will outwit the ~~string-pullers~~ and return the American government to the hands of its proper owners. They drastically underestimate the cunning of their masters.

Other millions believe that public enlightenment is the answer. For example, they are under the impression that the catastrophic 1954 Supreme Court decision on racial integration of our schools was the consequence of the court being supplied with faulty information on racial differences. They seriously misjudge the motives of the beast.

### A Stake Through The Heart

We do not need to reason with the monster; we need to put a bullet into its brain and hammer a stake through its heart. If that means blood and chaos and battling the alien enemy from house to house in burning cities throughout our land — then, by God, it is better that we get on with it now than later.

If "responsible" citizens have no stomach for it, then the task must fall to our radicalized youth. And it is the responsibility of the National Youth Alliance to take a leading position in coming revolutionary developments, so that young Americans can build a revolution for America and for our people, instead of serving as pawns in the alien-controlled, anti-American and anti-White ~~religion of the Marxists~~.

# What We Must Do Now

For the last 20 years right wingers have been smugly telling themselves that time is on their side. As the crime statistics become more shocking each year, as the Blacks tear our Army apart from the inside, as heroin addiction continues to spread from the Black ghettos to the White suburbs, as busing advocates grow bolder with their insane demands for "racial balance," the so-called "militant" right chortles with barely concealed glee.

"The people aren't ready to rebel against the System yet," they say, "but just wait until things get a little worse!

"Wait until they've had the Blacks crammed down their throats another year or so, then they'll be ready! Wait until no school is safe from the Blacks, wait until there's no neighborhood free of racial integration, then we'll see!"

## Praying for a Bust

Another version of this pipe dream involves a coming "economic collapse." As prices continue to soar, as labor unions continue to make more - and - more - inflationary demands, as the welfare tax burden becomes ever heavier, as the cities deteriorate even further and we poison our environment even more irrevocably, as our natural resources become scarcer, as friction and inefficiency build up in our more-and-more-complex industrial machine, there is bound to be a major catastrophe pretty soon, they argue.

And when everything goes bust, then our comfort-corrupted, bourgeois citizenry will be ready to listen to reason! When they've had both cars and the color TV repossessed, when they're out of work and can't make the mortgage payments, when they've lost everything, including their "respectability," then they'll fight!

## "Maybe Another Three Years"

A favorite guessing game among patriots is predicting when things will be "ripe" enough, economically or otherwise, for a successful revolution from the right. For the last 20 years the usual guess has been that it'll be another two or three years.

The fact is that time is not on our side. It's on the side of the enemy.

If right wingers would open their eyes and look around, they would see that our people are not becoming more and more uptight about the decline of America; they're becoming more and more accustomed to it. The further they have let themselves be pushed, the further their will to resist has been sapped, not the other way around, as our parlor revolutionaries like to convince themselves.

## Mr. Average Doesn't Care

Walk into any suburban supermarket and take a long, cold look at the housewives there, in their curlers and slacks. Or study their husbands, loading up at the Seven Eleven with six-packs for a weekend of football in front of the TV. What do they care about radical politics? What but a glassy stare or open hostility can one expect if one asks them to skip the next payment on the station wagon in order to support a revolution against the System?

## Losing Spirit

True enough, the enemy occasionally pushes too fast and arouses a momentary reaction, whether to school busing or racial hiring quotas or something else. When a reaction flares up, at Pontiac or Little Rock or elsewhere, he may take a step back — but only so he can take three steps forward a little later. By and large, he has learned just about what he can get away with, and that's enough.

Twenty years ago, even

10 years ago, our people showed a lot more spunk, a lot more of the spirit of rebellion than they do today.

When the Rosenbergs' treason was revealed 20 years ago, there was such a groundswell of public indignation that not even the hundreds of Jewish and liberal clemency committees could save them from the electric chair. Today the treason of an Ellsberg stirs only the faintest whimper of protest.

## No More Good Lynchings

Fourteen years ago the citizenry, through their local militias, were willing to offer armed resistance to the efforts of the federal government to enforce racial mixing in their schools. Today they have learned to live with far worse without protest.

It used to be that "freedom riding" was a fairly hazardous pastime, but there hasn't been a really good lynching of freedom riders since 1964.

When Watts erupted six years ago, there was a run on gun stores all over the country. But as a score more cities subsequently went up in flames, riot - watching via TV simply became a new spectator sport.

## Americans Tolerate Anything

All things are relative, and people — including White Americans — will tolerate anything if it is forced on them by degrees.

Provided he can go step by step, and not all at once, there is no depth of humiliation or degradation to which the average man will not descend.

The people, in other words, will never get "fed up," if their masters keep tightening the screws slowly enough — and keep them tolerably well fed in the process.

There may, of course, be a major economic collapse within the next few years. Then again, there may not. Are we really willing to gamble

the whole future of our race on the possibility?

### Not Ready for Trouble

Being realistic, we should all pray fervently that there will not be an economic collapse — for a while, anyway. Because such a collapse can be capitalized on by others than patriots. It can be capitalized on by any revolutionary faction which is organized and ready. And our enemies are organized and ready, while we are not.

If a general economic crash came tomorrow, or next year, it would be the reds and the Blacks who would reap the most of it, and we would all end up with our throats cut.

### Excuses for Inaction

Both versions of this "just-wait - until - things - are - really - bad" pipe dream are simply excuses, by men without any real plan for the future, for not doing anything now.

The great difference between the conservative right and the revolutionary right is that the latter category consists of those who supposedly have realized that the System is racially destructive, cannot be reformed, and must, therefore, be destroyed and replaced by something new and altogether different. This realization, however, does not seem to have taken us very far along the road to saving our nation and securing the future of our people.

### Right Is Pitiful

How does one make a successful revolution against the System in 20th-century America? There are at least a score of rightist political organizations in this country, all pitifully weak and ineffective (most just pitiful) which either openly or covertly profess revolutionary aims, but quite obviously none has been able to answer our question.

The standard, unsuccessful procedure has been to publish a monthly newsletter, issue a 10-point (or 12-point or 4-point) program for victory, stage occasional public demonstrations or pickets to get headlines, and organize the recruits thereby picked up into local groups responsive to the edicts of the hierarchy back at national headquarters.

### Gimmicks and Failure

Every few months, in order to renew interest and boost flagging enthusiasm, HQ will announce a new scheme designed to carry the organization another giant step toward the formation of a paramilitary arm for "clearing the streets of traitors," a state gubernatorial campaign in which the organization has fielded a candidate, a new propaganda gimmick for launching the organization into national prominence, or something else equally grand and hopeless.

Members come and members go, but fewer than a handful of such groups have ever accumulated a "hard core" of more than 100 members at any one time. They would not be noticed at all if the System - controlled press did not occasionally find it useful to raise the specter of revolution from the right.

It is easy enough to find excuses for this colossal failure of the radical right. As just mentioned, excuses are about all that have been found.

### Difficult Conditions

It is true, of course, that if the country were less prosperous — say, if a third of the White work force were unemployed — right-radical rhetoric should find a somewhat bigger and more responsive audience.

It is true that our people are comfort corrupted and so. Too many generations of urban living and office work separate us from the harsh reality of kill-or-be-killed which still rules the everyday lives of more primitive races.

It is true that the psychological isolation of the individual — the lack of any sense of community, the it's-every-man-for-himself state of mind — which is a condition of life in urban America raises great difficulties for the revolutionary organization.

### No More Waiting

The conditions which exist in the country, however, must not be taken as convenient excuses for failure but only as obstacles to be overcome.

Once we have understood the racially destructive nature of the System and the consequent necessity for revolution, we can no longer sit around waiting for the time to be right. We must consciously and deliberately set about building the revolution, whatever the obstacles and difficulties.

### Essence Is Action

The essence of revolution is neither revolutionary rhetoric nor revolutionary organization but revolutionary action. Both rhetoric and organization are, of course, indispensable. But the great fallacy of the radical right today is the belief that rhetoric and organization alone are sufficient. They are not.

Regardless of all the bombast about fighting the enemy and smashing the System which issues from the right, no right - revolutionary organization can be taken very seriously as long as that organization continues to play the game by the System's rules.

### Political Hobbyists

Our race has never been in greater jeopardy than today. Neither Hun nor Moor nor Mongol ever posed a more deadly threat to our racial existence than does the alien - controlled System.

And yet the armchair warriors of the right limit themselves to talk — and to those activities permitted by the System.

They are playing at revolution. They are political hobbyists. They should no more be taken seriously than the five-year-old runaway whose determination to escape from parental tyranny wilts at the end of the block, because he is not allowed to cross the street alone.

Action is demanded, and we get picketing — provided, of course, the pickets have previously applied for and been granted a demonstration permit.

### Strike the System!

Revolutionary action is not parading or picketing or writing a letter to your Congressman or even beating up pro-Viet Cong hippies; it is striking a blow against the System.

It is sabotaging the means by which the System rules.

It is killing the creatures who comprise the System and those who collaborate with the System.

It is waging real warfare against the System, using whatever means are most effective in weakening, in crippling, in ultimately destroying the System.

### Klan and Minutemen

It may be bad manners to mention names, but, for the sake of concrete example, let us dispense with manners. The only two organizations on the right which have even made a serious effort at revolutionary action are the Ku Klux Klan and the Minutemen, paramilitary arm of the now-defunct (for all practical purposes) Patriotic Party.

Neither of these groups has had or will have any significant appeal among students, for manifest reasons. The Minutemen, afflicted with a coterie of loose-tongued, trigger-happy kooks, and the various Klan factions, with their hooded robes and their alliterative nonsense of Klaverns, Kludds, Kleagles, and Klorums, have an image on campus which is distinctly more ridiculous than revolutionary.

### Avoiding Irrelevance

Yet both the Klan groups and the Minutemen have, from time to time, supplemented their unreal foolishness with something real. They have not shrunk from assassination or demolition when they perceived those things to be expedient.

Thus, despite their many and grievous flaws, they have, to a greater extent than other, apparently more sophisticated organizations, avoided the most grievous flaw of all: irrelevance.

While the dilettantes of the right look upon them with condescension, the rednecks at least understand something the dilettantes do not. They understand intuitively that the game being played now is for keeps, that the stakes are the life or death of our race.

### More Dynamite, Less Repartee

While the Bill Buckleys have attacked the avowed enemies of White America with clever repartee over cocktails and while the so-called "militant" right has picketed and demonstrated and shouted slogans, the Klansmen and the Minutemen have gone at those enemies with tire irons and gasoline — and, even more appropriately, with dynamite and machine guns.

The fact that the head Minuteman is currently confined in a federal penitentiary, as are a very substantial portion of the best Klan activists, and that both organizations have been phenomenally unsuccessful of late

beside the point. Neither Klansmen nor Minutemen have displayed the cleverness and self-discipline to match their bravery and recklessness, and they have paid the price thereof.

### Can't Win Without Attacking

The point is that no group of patriots, regardless how clever and sophisticated, are justified in taking themselves seriously unless they are willing — like the Klan and the Minutemen — to employ direct action against the enemies of our people.

The criterion which separates the dilettantes from the revolutionaries is the willingness to perform a revolutionary act. And whoever is so willing must be prepared to suffer deprivation, imprisonment, or death when the System strikes back. There is no way to be certain of avoiding such reprisals. One can only attempt to minimize one's own losses by fighting as intelligently as possible.

### The Black Panthers

Actually, our enemies provide for us a far more instructive example of the efficacy of revolutionary action than do our friends.

Prior to October 1966 the Black Panther Party did not exist. A little over two years later it had gained such prominence that J. Edgar Hoover identified the Black Panthers in his 1969 report to Congress as "the greatest threat to the internal security of the country."

The key to this meteoric rise was the deliberate and brutal murder of 14 White policemen and the wounding by gunfire of some 61 others in a space of 23 months.

To most of the Black community the White cop, or "pig," is an object of intense hatred. To them the police are agents of the authority which subjects them to the White man's laws and customs — laws and customs which are alien to their nature.

## Vicarious Murder

Every time the Panthers gunned down another White policeman, every Black in the community shared a vicarious thrill of triumph. The Panthers took on the aura of Black Robin Hoods. Young Blacks looked up to them and imitated them. Older Blacks gave them support, even when they were afraid to approve of their tactics openly.

When the Panthers began their murderous career they were one of dozens of loud-mouth Afro-militant organizations in America, all earning their living by making noisy and arrogant demands on White society. But while the others continued flapping their lips, the Panthers loaded their guns and went into the streets.

### Action Wins Support

Within six months of their founding they had left the other Black groups in their dust by staging a military-style invasion of the California State Assembly, brandishing loaded rifles, shotguns, and pistols to back up their demands. The sheer bravado of this coup gained for them overnight the hearts of Black America. The brazen cop-killing which has been going on ever since has clinched the love affair.

### Jewish Help Incidental

It is true, of course, that wealthy Jews have given enormous sums of money to the Panthers, and that sympathy from this same element, which controls America's mass media, has resulted in millions of dollars' worth of free publicity for them. But this help came after the Panthers had established their number-one position, not before. Their success was due solely to their recognition of the necessity of revolutionary action and their willingness to accept the consequences of such action.

It must be noted that among those consequences was the death, imprisonment, or exile of most of the Black Panther Party's original leaders. Such a heavy toll of Panther leaders was taken, in fact, that the group has now lost most of the revolutionary initiative it had earlier.

## An Uncomfortable Decision

So where does all this leave us? Not in a very comfortable frame of mind, certainly.

Our right-wing hobbying has been a nice, safe game in which anyone is seldom hurt, and it helps to relieve our frustrations. But when we have come to understand the utter irrelevance of this hobbying and have awakened to the fact that we are losing ground every day that we fail to inflict losses on the enemy, we must then make up our minds to move beyond publishing and picketing and demonstrating and pulling stunts designed to get newspaper coverage.

### Terrible Retribution

We must think instead in terms of assassinating federal judges, of burning the stores of businessmen who act as if they are more interested in what's good for business than what's good for White America, of dynamiting the TV transmitters and newspaper presses of the alien news manipulators, of harshly punishing Whites — male or female — who fraternize sexually with non-Whites, of putting the fear of terrible retribution into every treacherous politician and System-serving editor, advertiser, bureaucrat, or other public person.

### A Twofold Purpose

The immediate purpose of such revolutionary action is twofold. In the first place, we cannot begin winning the war until we begin hurting the System.

If that were all, however, we would be doomed to sure — though, perhaps, heroic — failure. The System is too strong and we are far too weak.

Our second — and absolutely essential — purpose in committing revolutionary acts is to turn the public — the great, docile herd who comprise the "silent majority" — against the System. Without their support, or, at least, acquiescence, the System cannot maintain itself.

### Path of Least Pain

It is important to realize

that most of the silent majority are not enthusiastic advocates of the System's specially destructive goals. Just as a herd of cattle allow themselves to be driven along the trail to the slaughterhouse, the American public let themselves be goaded into what appears to their shortsighted vision to be the path of least pain.

The System has, through a combination of brainwashing and threats, convinced the public of the inevitability of the present line of political, social, and racial development. They're not happy with the way everything is going, but they grit their teeth and try to make the best of it.

### Ross and Orval and George

Watching Ross Barnett and Orval Faubus and George Wallace bluster and boast and defy the System — and then back down — has persuaded them that "you can't fight the U.S. government."

Since Mr. Nixon and the Congress and the Supreme Court have assured them that anything less than total racial integration is unthinkable for America, the silent majority is muttering, "we've got to learn to live with the Blacks, whether we like it or not." And so, for example, they subject their children to the savagery of integrated schools, rationalizing that the brutal experience is a necessary adjustment to the mulatto world of tomorrow.

### Materialists Aren't Heroes

Materialist that he is, Mr. Average American finds resistance to the System an unacceptable alternative. He wants to take the easy way, the safe way. He doesn't want to do anything that will hurt his business or jeopardize his job.

He doesn't like reds or rioters, or Marxist judges, but he's willing to make concessions to them if they will leave him alone. He's a lot easier to bully than he would have you believe.

### Impressing Mr. Average

The proper aim of the revolutionary right — our aim — is to impress two things on Mr. Average's mind:

1. Going along with the System isn't going to be as easy and painless as you thought. There will be chaos, turmoil, physical danger, and material loss for you as long as you stay with the System, because we will raise continual hell. You might even get killed.

2. The System's plan for America is not so inevitable after all. The System can be opposed. A monkey wrench can be thrown into its works. Its untouchables can be killed.

### They Will Remember

This impression will never be formed on the public mind by printed programs or by verbal boasts; but only by revolutionary deeds. Give them some real and meaningful revolutionary action, and we will be surprised how many of the hair - curler - and - station - wagon set will remember they're White.

If we can find the courage and the resolution to act — and the brains and discretion to act intelligently — we shall not only win the hearts of our compatriots, but also the revolution.

But if we continue doing what we have been doing and waiting for the time to be ripe, we shall surely fail — and our race with us.

Dear Friend:

We must be doing something right! As you will see in the accompanying issue of **ATTACK!**, the Reds have begun smearing **NYA** on a scale which indicates they have not only taken notice of us, but are almost frantically trying to steer their own people away from our "subversive" influence. A vitriolic, page-long denunciation of **NYA** in **PRAVDA**, the most prestigious newspaper in the communist world, is absolutely unprecedented. We are indeed flattered!

We are also encouraged. Our new program to break the stranglehold which the Reds and liberals have established on the minds of a large portion of American youth is beginning to have an effect. We realized from the beginning, of course, that it was a dangerous gamble for **NYA**. Many conservatives, whose minds often seem to be in a rut, would not understand us and we would lose financial support. That has, indeed, happened.

But we are not in the business of peddling conservative pap to right wingers. We are engaged in a struggle, against desperate odds, for the souls of America's young idealists -- which is a struggle for the whole future of America and, in the long run, of the White race. We must be imaginative, innovative, ruthless, and utterly practical in this struggle. We must discard tactics which do not work and adopt tactics which do work, regardless how distasteful those new tactics may be to some. If necessary, we may occasionally overstep the bounds of propriety or legality, and some of us may go to prison. But we must not fail!

The fact is that virtually all right-wing "literature" is worthless in converting or recruiting young people who have already come under the spell of the Reds. The average right-wing newspaper or pamphlet is immediately recognized as such and discarded as "fascist trash." They won't even read it.

**ATTACK!**, on the other hand, is breaking through this mental barrier. Although it shocks many conservatives, the bold, forthright, revolutionary tone of **ATTACK!** does catch the eye of young Marxist militants. And when one of them picks up a copy of our paper to read about home-made defonators, there is a very good chance he will also read the thought-provoking article by Ray Smith. And that will probably be the very first time he (or she) has ever had such ideas presented to him. And it may -- it just may -- mean the beginning of the end of one Marxist revolutionary and the beginning of the beginning of one more young fighter for the future of our nation and our race.

So, that is why the Red hierarchy has been doing so much screaming about **NYA** of late. We are sowing the seeds of destruction and ideological disruption in the Marxist ranks!

Free Men Are Not Equal

Equal Men Are Not Free

The excitement here at the National Office over this success has got us all fired up, despite the continual sniping from sidelines by "conservative" phonies and profiteers. In order to maintain the initiative in this fight, though, we must get ATTACK! out oftener and in even greater quantity. We can't do this without your help.

So, please, don't sit on your hands. Do your part. We're doing ours as best we can.

We need your support in whatever way you can give it: by pledging monthly contributions, by purchasing gift subscriptions to ATTACK! for your friends -- or even by an anonymous donation. But we do need it now, so that we can rush the next issue of ATTACK! into print as soon as possible.

As an extra incentive for you, we're sending a free copy of Frank Britton's hard-hitting book, **BEHIND COMMUNISM**, to everyone who sends a contribution of \$10 or more.

# REVOLUTIONARY NOTES

5

These Notes are intended solely to arm the patriot with detailed information on urban guerrilla warfare technique and materiel, thus overcoming the monopoly which Marxist activists presently enjoy in this area.

NYA assumes no responsibility for medical or legal difficulties which may ensue for the individual who engages in the construction or use of any of the devices, materials, or techniques described herein.

## Target Selection

An urban guerrilla can display genuine engineering brilliance in the preparation and deployment of his weapons and destructive devices and heroic courage in their use, yet still be largely ineffective if he makes a poor choice of targets against which to direct his efforts.

The basic principle governing target selection is this: the urban guerrilla is, except in the very last stage of a revolution, not waging a war of materiel and personnel attrition against the System, but a psychological war. No matter how large the casualty ratio is, a guerrilla force cannot defeat the System until a psychological barrier has been erected between the System and the general population.

Thus, the question which must be asked in considering the desirability of any revolutionary

act is not so much, "How large a physical loss will this inflict on the System?" but more "What will the public reaction be to this?" (Physical losses to the System do, of course, become an increasingly important consideration as the revolution advances.)

### Churches Usually Taboo

As an example, the bombing of a synagogue or the burning of a church frequented by leftist activists serves more to relieve the frustrations of the bombers or burners than to advance the revolution, unless the particular synagogue or church has already received such wide notoriety as a result of activities carried on there that it has become almost a symbol in the public mind for such activity. Then its destruction will be viewed by the public as an attack on the thing symbolized.

Because something is notorious to the guerrilla contemplating an attack on it, however, does not mean it is notorious to the public. This was the mistake of the Jewish Marxists who bombed several large office buildings in New York in 1970, wrecking the offices of Mobil Oil, IBM, and General Telephone. They supposed that they were attacking the hated "military-industrial complex." But the man on the street missed the point altogether, because he, unlike the

Marxist cultists, doesn't lie awake nights stewing about the military-industrial complex. To him the bombings were senseless criminal acts, without ideological significance.

Red attacks on campus ROTC installations, on the other hand, clearly have symbolic significance in the minds of most students, who have already been heavily dosed with anti-military propaganda.

### Enemy Disorders Wake Up Our People

Another error in target selection is attacking symptoms rather than sources. When Blacks are rioting or Reds are demonstrating, it may be tempting to single out one of the leaders involved as an assassination target. And, indeed, killing a key leader might put a substantial crimp in a particular demonstration or planned disorder. But does that serve our purpose?

It should always be kept in mind that the real enemy is the System which has spawned anti-White riots and anti-American demonstrations, rather than the participants immediately involved in those activities. When we take the long view of things, we can see that public disorders caused by Blacks or Zionists or communists often serve our purpose better than they serve theirs.

### Newspapers, TV

Proper targets, rather than the wild-eyed bolsheviks throwing bombs or the Zionist agitator arrogantly making demands, are the public figures clearly identified in the people's minds with both the System and unpopular policies: a federal judge who has just issued a major busing decision, a White school board chairman who has sold his own race down the river, an Equal Employment Opportunities Commission official who is currently in the news, an editor of the Washington Post or the New York Times during a period of controversy over the bias of the media, a state legislator sponsoring gun-control legislation.

Of all the inanimate targets available, perhaps the best are the physical facilities of the System's opinion-control media: newspaper presses, transmitters, antenna towers. On a smaller scale: newspaper delivery trucks, theatres showing neo-liberal propaganda films, mobile TV units.

At this stage, every target struck should symbolize, in the public mind, some aspect of the System. The citizenry may not sympathize, but they will begin losing confidence in the System. That is the first step.

In the next issue: the perfect Molotov.

The injunction against stereotyping is basic to our belief in democracy and equality. We are all supposed to be equal, with no groups, categories, classes, or races that would make any of us different, unequal, or superior to others. America is thus supposedly made up

Nature, that we live and die in a cruel, harsh world in which the basic law is that the fittest survive. To escape the demands of Nature, we have created a dependent utopia consisting of happy, pure "individuals" who no longer live

NYA assumes no responsibility for medical or legal difficulties which may ensue for the individual who engages in the construction or use of any of the devices, materials, or techniques described herein.

## Improvised Detonators

Whenever feasible, the urban guerrilla should employ factory-produced, commercial or military explosives, which are usually safer and more reliable than improvised explosives. There may be times, however, when the difficulty in obtaining commercial or military explosives will make it worthwhile for the guerrilla to consider improvised or homemade explosives.

Sometimes, too, while dynamite, TNT, or other secondary explosives may be available,

Lead acetate is used in the paint industry, particularly for the manufacture of non-fouling marine paints, and in dyeing and printing. It formerly found medical use as an astringent.

Sodium azide is used in the rubber and plastics industry but is not as easily available as lead acetate.

Both materials will be found in any university chemical stockroom or at any major laboratory supply house.

### Preparation of Lead Azide

To prepare 5 grams of lead azide, separately dissolve 6 1/2 grams of lead acetate trihydrate crystals and 2 1/4 grams of sodium azide in 30 ml (about 1 fl. oz.) of water each. Suitable containers are 100 ml beakers.

Weighing of the chemicals can be done on one of the very inexpensive balances which is furnished with any child's chemistry set. These can be purchased for two or three dollars at a large Sears or Montgomery-Ward store.

If no balance is available,

Prepare a 2-inch length of aluminum tube. Slide thin-wall aluminum tubing 1/4 inch to 5/16 inch in diameter and paper down, until it touches the lead azide, by pinching one end shut with

## FGAN Bombs (1)

When commercial or military explosives are not available, an improvised explosive which is often very useful is fertilizer-grade ammonium nitrate (FGAN). This material is very cheap, very safe, and very readily available in large quantities without red tape or questions for the purchaser. Under the proper conditions, it is a powerful high explosive, suitable for medium-sized as well as large bombs.

FGAN is sold in 100-lb plastic-lined paper sacks by practically all seed-and-feed stores catering to farmers, particularly during the spring and summer months. It is not ordinarily handled by urban lawn-and-garden shops. A 100-lb sack currently retails for about \$3.75.

One point to keep in mind when purchasing FGAN is that ammonium nitrate is an ingredient

of a number of fertilizer mixtures containing other substances. Such fertilizers are designated by their percentage of total nitrogen content. Look for the total nitrogen content on the label. It should be between 33 and 34 per cent, corresponding to ammonium nitrate of 94-97 per cent purity. Other so-called "ammonium nitrate" fertilizers — one rated at 19 per cent total nitrogen content, for example, and containing only 60 per cent ammonium nitrate — are not suitable for explosive use.

Ammonium nitrate is a very insensitive high explosive. The necessity for strong confinement, a powerful initiating booster, or both to insure proper detonation has limited its use in medium-sized guerrilla bombs — although it was used with spectacular success by Red activists in a large bomb which destroyed the Army Math Research Center building at the University of Wisconsin last year.

When used in sufficiently large quantities (more than 100 lbs, say) strong confinement becomes unnecessary, and complete detonation can be obtained in a relatively non-confining container, such as an oil drum, a barrel, or even the bag in which it was purchased, provided the FGAN has been pre-sensitized and a sufficiently powerful booster is used. The most common sensitizing agents are hydrocarbon oils or waxes, although many other substances — such as powdered charcoal — have been used successfully.

Medium-sized bombs (10 lbs or less of FGAN) usually require strong confinement as well. Their manufacture is sufficiently demanding — but important enough — that a separate Note will be devoted to them in a later issue of ATTACK!

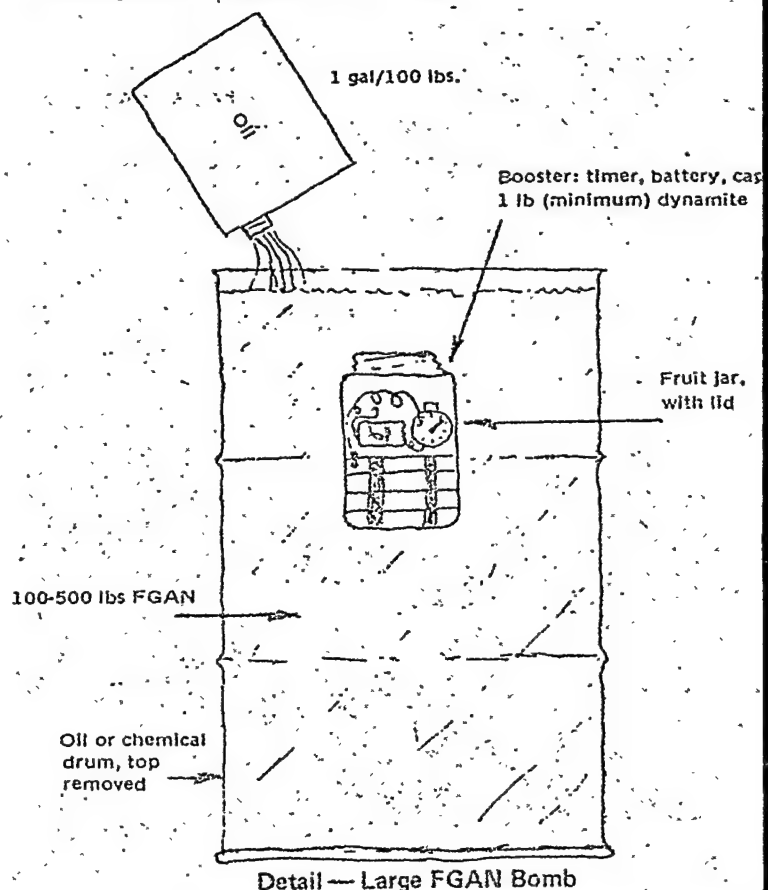

An arbitrarily large bomb may be prepared in empty oil drums or other suitable containers by mixing FGAN with fuel oil or automotive lubricating oil — even used crankcase oil — in the proportion of 1 gallon of oil to each 100 lbs of FGAN.

One pound of dynamite or TNT, primed with an ordinary electric or non-electric blasting cap, will provide a sufficient booster charge for detonation of the

FGAN/oil mixture. The booster should be protected from the oil by wrapping it in a plastic bag or enclosing it in a screw-cap jar before burying it in the sensitized FGAN.

FGAN is very hygroscopic, and the absorption of moisture from

damp air, if it is left in an unsealed container for a few days is sufficient to make FGAN very much more difficult or impossible to initiate. It should remain in the unbroken bags in which it is sold until just before use.

## More on Detonators

One ATTACK! reader sends the following suggestion in connection with Note 2, on the preparation of lead azide: "One of the raw materials needed, sodium azide, is used in a standard procedure for the determination of chromium. Thus, if any question is raised in procuring sodium azide from a laboratory stockroom, a water analysis for chromium will provide a plausible excuse."

It might also be re-emphasized that the manufacture of detonators (or any process involving primary explosives) is potentially very hazardous. One simple precaution, which may mean the difference between the loss of several fingers and an eye or two, and merely a couple of burned or lacerated fingertips, is

the use of a cigar box, or similar container, as a blast shield.

Punch or drill a hole in the lid of the cigar box the same diameter as the tubing used for detonators. Glue a wooden block to the inside bottom of the cigar box so that when a detonator is resting on the block, only the upper 1/4" - 1/2" protrudes through the hole in the lid. A dimple or hole in the block about 1/8" deep is sufficient to hold the bottom of the detonator in place.

When filling and tamping detonators in this shield remember never to have your head directly above the detonator.

## Incendiary Plaster

There are a number of solid incendiary mixtures which recommend themselves for urban guerrilla use. Perhaps the most satisfactory of these is the one described here, which utilizes ordinary plaster of paris and finely divided aluminum. For safety, durability, and handiness it easily wins first prize. For incendiary effect it also scores quite high.

Plaster of paris (calcium sulfate hemihydrate) is universally available in building-supply and hardware stores. A five-lb sack usually costs under a dollar, and larger quantities are even cheaper.

Aluminum powder is used in the paint industry and in pyrotechnics. It is also available from laboratory supply houses at about \$3/lb.

### Procedure

Empty a 5-lb sack of plaster of paris into a bucket. Add 3 1/4 lb of aluminum powder. (Postal scales, of the kind which may be bought for about two dollars in a stationery store, are handy for weighing the aluminum.)

Stir the dry ingredients until thoroughly mixed. It does not hurt to spend five minutes or more blending the plaster and aluminum to insure complete homogeneity.

When dry-blending is complete, add a little under a quart of water to the bucket while stirring vigorously. Mix to a uniform consistency about that of cake batter. Note that this step must be completed within a couple of minutes, otherwise the plaster may begin to set before it can be poured.

Immediately pour the wet mixture into suitable molds to harden. A convenient finished weight for the incendiary blocks is one pound. A block 6 inches by 3 inches by 1 1/4 inches weighs approximately one pound, and any small pasteboard boxes of about those dimensions will serve as satisfactory molds.

Allow the blocks to dry for two or three days in a warm, dry place. They can then be safely sawed, machined, drilled, or painted. There is virtually no danger of accidental ignition, because of the very high ignition temperature required.

### Ignition

A suitable ignition mixture for the plaster incendiary blocks may be prepared by mixing equal volumes of aluminum powder and finely powdered potassium permanganate.

Potassium permanganate is used as a disinfectant and is available from behind the counter at most drug stores. It will generally not be in the form of a fine powder when purchased and will, therefore, require

Incendiary Block Detail

grinding with mortar and pestle or some improvised equivalent.

Drill a 1/4-inch-diameter hole 1 1/4 inches deep in the end of each incendiary block. Firmly pack the holes to within 1/2 inch of their tops with the igniter mixture.

An electric ignition squib or a time-delay chemical squib (both of which will be described in future Notes) may then be inserted in the top 1/2-inch of each hole.

A simple string fuse will generally not suffice to ignite the aluminum-permanganate-igniter mixture.

### Application

Once ignited, an incendiary block of the type described here cannot be extinguished before it has completely consumed itself. It will even continue burning while submerged in water.

It burns extremely hot and can

be successfully used in many cases for the sabotage of metal enclosed objects, such as vehicles, power transformers, fuel storage tanks, and communications equipment. A one-pound block, however, should not be relied upon for burning through more than one-eighth inch of steel. Thicker steel structures can be successfully penetrated by using thermit in conjunction with an incendiary block.

One interesting feature of the aluminum-plaster incendiary is that it can be cast in almost any shape that comes to mind: piece of crockery, an ornamental bookend or wall plaque, a large ceramic tile, a length of concrete drainpipe. In such form it looks completely natural and harmless and gives no hint of its incendiary character.

In the next issue: target selection.

## Molotov Cocktail

The Molotov cocktail can be one of the guerrilla's most important weapons. It is employed most often in an action situation involving opposing personnel or vehicles, although the basic device can be adapted for booby traps and certain sabotage projects.

The weapon, named after Old Bolshevik Vyacheslav M. Molotov (alias Skryabin) and widely used by communist guerrillas in Europe, consists simply of a glass container filled with a flammable liquid and equipped with some mechanism for igniting the liquid when the container is shattered against a target.

The flammable liquid is nearly always gasoline, although thickeners such as heavy motor oil or soap are often added to modify the burning characteristics of the gasoline.

Various ignition mechanisms may be used, allowing the guerrilla considerable freedom of choice in the preparation of his Molotov cocktails.

### The Basic Device

The simplest possible ignition mechanism is a rag wick saturated with gasoline and stuffed into the open mouth of a gasoline-filled container. Immediately before hurling the container against a target, the guerrilla ignites the wick with a match. The wick will generally burn tenaciously enough so that there is little danger of its blowing out on the way to the target.

Molotov cocktails of this variety may be conveniently prepared for later use and stored in a container with an easily removable, gasoline-tight closure is used. One of the handiest

described here, is a one-quart beer bottle of the resealable variety, with a plastic-lined, aluminum screw cap.

A suitable wick, a couple of strike-anywhere matches, and a small piece of sandpaper (to provide a striking surface for a match) may be lightly taped to the neck of each bottle, so that one may store any number of complete, self-contained weapons, ready for immediate use. The guerrilla merely has to remove the cap, insert the wick, and light it with one of the matches provided.

### Advantage of Standardization

Standardization of components and mass production offer the considerable advantage of increased reliability. For every bottle of suitable size and shape which has a proper cap and is satisfactorily frangible, a thousand can be found which either have less satisfactory closures or cannot be fully depended on to break when they strike their targets. Likewise, for every suitable piece of wick material there will be an abundance of less-suitable material available. Once a guerrilla group has settled on a particular construction for its Molotov cocktails and become familiar with their peculiarities, it will be advantageous to stick with fire bombs of identical structure and materials.

### Disadvantages

Perhaps 90 per cent of the Molotov cocktails ever used have been of the type described above. Their great popularity is due to the ease with which they can be made.

Compared to other types, however, they do offer a couple of

hazardous to an inexperienced user. If too much wick is sticking out of the bottle, or if a little gasoline from the saturated wick has dripped down the side of the bottle, the violent flare-up when the wick is ignited may cause the person holding the bottle to drop it — with possibly catastrophic consequences. A number of would-be fire-bombers have accidentally incinerated themselves in this way.

Another disadvantage is that the bomber becomes a highly visible target, especially at night, as soon as he lights his wick.

To eliminate these shortcomings, several types of wickless Molotov cocktails have been developed.

### Acid-Chlorate Ignition

The wickless fire bombs described here require, in addition to suitable bottles with plastic-lined caps and gasoline or gasoline-plus-oil as a fuel, concentrated sulfuric acid, sugar, and sodium or potassium chlorate.

The bottles are filled between  $\frac{1}{4}$  and one-third full with concentrated sulfuric acid. A plastic funnel should be used and great care should be taken not to get any acid on the outside of the bottles. The remaining space in the bottles is then filled completely with fuel and the caps screwed on tightly. Note that the sulfuric acid must be concentrated; the dilute acid used in automobile batteries is not suitable.

Approximately equal volumes of chlorate and sugar are dissolved together in the minimum volume of boiling water (removed from the source of heat before the chlorate and sugar are added). Long strips of cotton cloth about an inch wide, which have previously been boiled for a minute in plain water and wrung out, are stirred into the hot, saturated solution until they have been thoroughly wetted by it. They are then hung up to dry.

When the strips have become approximately dry to the touch, but before they have become stiff they may be taped to the bottles. Use two strips on each bottle, running them down the sides from the neck, crossing the bottom at right angles, and then back up to the neck, with the

When the bottle is broken, allowing the concentrated sulfuric acid to contact the chlorate- and -sugar-saturated strips, ignition takes place almost immediately.

### Fuse Ignition

This variation requires, in addition to a bottle filled with fuel, only a length of black powder-core fuse and a rectangular piece of sheet metal measuring about 4 inches by 1 inch. The fuse can be obtained in most rural hardware stores and the sheet metal can be cut from a flattened fruit-juice can.

Make a 90-degree bend along the long axis of the sheet metal and securely tape an 8-inch length of fuse to the inside of the bend, with an inch of fuse protruding at one end. Then tap the metal to the bottle. Be sure the fuse is nowhere closer than  $\frac{1}{2}$  inch to the glass; otherwise, the heat from the burning fuse may crack or break the bottle prematurely. After the fuse is lit it may be allowed to burn down behind the metal shield before the bottle is thrown. An 8-inch length of the most commonly available fuse has a burning time of about 25 seconds.

### Mechanical Ignition

Finally, Molotov cocktails have been successfully ignited with a device consisting of matches fastened to the bottle neck and surrounded with a close-fitting sleeve having a striker surface inside. The sleeve is spring-loaded and held in place by a cord passing around the bottom of the bottle. When the bottle is broken, the spring-loaded sleeve flies out, igniting the matches by friction as it does so. The matches then ignite the fuel.

## Firearms

Previous Notes dealing with explosive and incendiary devices have emphasized improvisation. A few years hence it may be important for the urban guerrilla to be able to improvise his firearms also, but in the immediate future he almost certainly will have a ready supply of commercially manufactured firearms.

His principal need at this time, then, is to be able to evaluate the various types of available firearms and ammunition in terms of the tasks he will call upon them to perform and the conditions under which he must expect to use them.

In this and successive Notes we will briefly consider the following firearms tasks or functions: street fighting, sniping and terrorism, assassination.

## Street Fighting

Here the guerrilla comes closest to being engaged in conventional military action, and the weapons he will find most suitable will be similar to those used by conventional military forces.

### Rifles and Carbines

The most basic such weapon is a rifle of military caliber. There is such a wide range of possibilities in making a choice here that it is difficult to do more than offer a few general suggestions and guidelines:

① Availability of ammunition should be a primary consideration. Rifles handling a universally available cartridge, such as the .30-06 are greatly preferable to those requiring, say, 6.5 mm Jap or 7.62 mm

Argentine Mauser cartridges. Particularly to be guarded against is the temptation to choose one of the super-power cartridges, such as the .358 or .375 magnum. The ballistics may be impressive, but any advantage will be far outweighed by the virtual impossibility of finding the right ammunition under combat conditions.

② The advantage of being able to scavenge ammunition from government forces is

.30 M1 Carbine

substantial. The .30-06 is widely used by National Guard and other military units in the U.S., who are still equipped to a large extent with the M1 Garand. As the changeover to other military calibers progresses, however, the guerrilla should keep an eye on the situation. Within a few years the caliber .223 M16 may be in more common use than the Garand by police and National Guard units. One other military rifle commonly encountered is the caliber .308 (7.62 mm NATO) M14.

③ Urban firefights nearly always involve ranges less than 200 yards and usually less than 100 yards. Thus, except for sniping, a flat trajectory and long-range killing ability are not critical requirements for a guerrilla weapon.

④ Because guerrilla units will usually be outnumbered by their government opponents, firepower — the rate at which aimed fire can be delivered — is particularly important. Thus, a semiautomatic weapon is preferable to a bolt-, lever-, or pump-action rifle. For the same reason, a weapon with a detachable box magazine which can be rapidly replaced with a fully loaded spare offers an advantage.

⑤ Both the above considerations suggest the suitability of the caliber .30 M1 and M2 carbines. They have ballistics characteristics substantially less impressive than a .30-06 rifle, but still quite

adequate for most urban use. Furthermore, the convenience and maneuverability of these carbines, together with their very high firepower capabilities,

recommend them strongly. Caliber .30 U.S. carbine ammunition is still widely available.

⑥ Any guerrilla unit will be well advised to keep the number of different kinds of rifles on which it is dependent to a minimum. This is particularly important from the standpoint of commonality of ammunition, but it is also advantageous for a guerrilla to be completely familiar with the characteristics of the rifle he is using. He can only do this if he can count on always having access to the same type of rifle.

### Shotguns

In many cases the urban guerrilla will find the shotgun a satisfactory substitute for a rifle. Shotguns are more widely available in stores, homes, and police armories than any other kind of firearm. With buckshot or rifled-slug loads they have adequate kill-capability at most urban firefight ranges.

One feature of the autoloading shotgun that is often overlooked is its enormous firepower capability. Typically, five shots can be gotten off in less than three seconds. If No. 4 buckshot loads are used, that means a hail of 135 caliber .25 pellets in those three seconds, lethal out to 50 yards. That is a performance superior to any submachine gun made. With a shortened stock and a barrel cut down to 18 inches, an

autoloading shotgun can be just about as portable as a submachine gun and is generally to be preferred as a guerrilla weapon.

Autoloading, combat shotgun

A few rules for guerrilla shotgunners are:

- ① Don't choose a weapon other than 12-gauge bore.
- ② Don't use cartridges loaded with smaller pellets than No. 4 buckshot.
- ③ Always have a few rifle slugs handy, for use against vehicles and barricades.

### Sidearms

Similar considerations to those for rifles apply to sidearms. If a revolver is chosen, it should be chambered for caliber .38 special (or .357 magnum, which will also accept the shorter .38 special cartridge). Avoid oddities, such as the .44 magnum.

.38 Special

If an autoloading pistol is preferred, stick to one using either .45 ACP or 9 mm parabellum cartridges — unless concealability is important. Probably the best military sidearms available are Walther 9 mm P-38 and Smith & Wesson 9 mm Model 39, both of which have the very valuable double-action feature.

## More on Molotov Cocktails

A reader has brought to our attention a modification of the basic Molotov cocktail described in the last MUCK.

Instead of a stick being stuffed into the open mouth of a gas-line-filled bottle, stick material is

flashed. When he is ready to throw the Molotov cocktail, he simply pulls the stick out of the bottle.

This method is said to be safer than the one we have in our reader claims.

These Notes are intended solely to arm the patriot with detailed information on urban guerrilla warfare technique and materiel, thus overcoming the monopoly which Marxist activists presently enjoy in this area.

NYA assumes no responsibility for medical or legal difficulties which may ensue for the individual who engages in the construction or use of any of the devices, materials, or techniques described herein.

## Terrorism

Political terrorism is often judged by the superficial observer to be nothing but thoughtless violence, motivated only by nihilism or a sense of angry frustration, much like vandalism.

Actually, any sustained campaign of terrorism is usually the result of cold-blooded political planning, with a definite goal in mind. For many years communists have used terror as a revolutionary tool, just as they have used agitators, leaflets, mass demonstrations, infiltration, and other time-tested means.

### Undermining the Regime

The basic purpose of political terror is to undermine the confidence of the masses in the existing regime. When no one is sure when or where the next bomb will explode; when snipers take a daily toll on the streets of the large cities; when sabotage causes the repeated breakdown of public transportation, electric power distribution, water, gas, or sewage systems; and when the authorities lack either sufficient will or strength to restore order — the public will begin withdrawing its support of those authorities.

### Effect on Public

One might think the public would instead become exasperated with the terrorists and aid the authorities in suppressing them.

This indeed may become the case if the terror campaign is launched at the wrong time or is not sustained at a high enough level of intensity.

Well-timed terror conducted with vigor and forcefulness, however, will nearly always have the effect of undermining

mentality and will gradually incline itself to the force of laying the greatest ruthlessness and determination. Utterly fickle, the masses of people will watch the contest between terrorists and authorities and will begin making mental reservations concerning their commitment to the authorities if it does not appear that the terror campaign can and will be promptly suppressed.

## Sniping

Sniping is only one aspect of a terror campaign, but it is an important one. A handful of properly equipped snipers, using proper techniques, can wreak havoc in any major city in North America.

In marked contrast to street fighting, urban sniping will generally involve ranges well over 100 yards. In fact, the greater the range at which the sniper can select satisfactory targets, the greater is his advantage.

This consideration yields criteria substantially different from those used in evaluating weapons for street fighting.

### Equipment

Accuracy is a prime criterion. The sniper should select a target-grade rifle equipped with a good telescopic sight offering a magnification of 6X-10X.

The rifle should be chambered for a cartridge offering a reasonably flat trajectory out to 300 yards. Satisfactory cartridges, among others, are: .223 Remington (5.56 mm M16), .270 Winchester, 7 mm Remington Magnum, .30-06 Springfield, .300 Winchester Magnum, and .308 Winchester (7.62 mm NATO).

The .223 (5.56 mm) should not be counted on for ranges much beyond 300 yards, but the other cartridges listed can be used with good effect against targets at 500-600 yards.

400, 500, and 600 yards, and the elevation corrections needed at these ranges carefully noted.

It will be found that, for a given cartridge, the flattest trajectory will usually be obtained with a bullet in the low-medium portion of the range of bullet weights offered in that caliber.

A typical example of the range corrections needed for a good sniping cartridge is provided by the .270 Winchester, with a 100-grain bullet factory-loaded to a muzzle velocity of 3480 feet per second. The impact point will be about 2.5 inches high at 125 yards, 3.5 inches low at 300 yards, 14.5 inches low at 400 yards, and a little over 33 inches low at 500 yards.

### Night Firing

The sniper will often be firing at night, and this should be taken into consideration in choosing a scope. A large objective aperture, in order to give the brightest possible field under semi-dark conditions, is important.

The sniper should also be aware that many commonly used scope reticles, particularly fine crosshairs, become invisible in poor light. One should choose a reticle having one or more thick posts, which can be seen even against a fairly dark field of view.

Recommended scope reticles

Scopes with illuminated reticles, designed specifically for night use, have also appeared on the civilian market recently.

### Muzzle Suppression

Two important considerations for the sniper are the suppression of muzzle flash and

flash can provide a definite giveaway. Target rifles ordinarily have no provision for flash suppression, but there are several models of military flash suppressors available which can be easily attached to the muzzle of most rifles.

Sound suppression is a considerably more difficult problem, but one worth considering.

Commercial silencers will ordinarily be available, and the sniper will be obliged to provide. There is literature available (see NYA book list, 7) which describes the construction and performance of rifle silencers. They will also be covered in a future Note.

It should be kept in mind that while complete silencing of a sniper rifle requires a very carefully designed silencer, it also imposes severe restrictions on the cartridges which may be used, even a moderate degree of sound suppression may be much better than none at all. Sound suppressors which substantially reduce the noise of firing may be improvised without great difficulty.

Of course, any sound suppressor at all serves as an effective flash suppressor also.

### Technique

Even if the sniper has provided his rifle with flash and sound suppression, there are techniques he can use which make him very difficult to locate.

If he is firing from the interior of a building, for example, instead of firing from an open window he should raise the window only an inch or so, firing clearance and then take up his position as far back in the room as he can without severely restricting his view of the target area. In that way he cannot be spotted from outside, and the room from which he is firing will act much as the interior of a silencer does, reducing the loudness of

Sniper rifle with muzzle suppressor

### Sighting, Trajectory

The rifle should be carefully sighted in with the scope zeroed

sound. The more difficult it is for the authorities to pinpoint his location, the longer he can continue to fire from a secure

sound outside.

Similar considerations apply when firing from the interior of an automobile.

## Assassination

Political assassination is as old as human society, but Marxists have made such wide use of it in recent decades that they have given it an added significance for our times.

Many political assassinations and assassination attempts have been carried out by amateurish zealots, using every sort of weapon imaginable. Professional Marxist assassins, on the other hand, not wishing to raise a public alarm and be apprehended on the spot, have often used weapons which allowed them to dispatch their victims and escape without being noticed. Two such weapons are described here.

## Silenced Pistol

It is relatively easy to silence a .22 caliber pistol so that when it is fired the report is no louder than a muffled handclap: the sort of noise which would not cause nearby pedestrians on a busy street to turn around.

The basic pistol is a Colt Woodsman or Huntsman model, or any other caliber .22 semiautomatic pistol with a cylindrical (untapered), unobstructed barrel about six inches long.

The front sight is removed and four holes of .081-inch diameter (No. 45 drill) are drilled in the barrel two inches from the muzzle. Care should be taken to remove any burrs or other irregularities from inside the barrel after drilling.

The silencer itself is a steel, brass, or aluminum-alloy tube of 1 1/2-inch diameter and 8 inches long, internally divided by an annulus into two chambers, as shown.

The rear chamber is filled with a tight roll of copper-mesh screen, and the front chamber is filled with a stack of perforated screen discs.

The screening serves to reduce pressure (and, hence, sound) by rapidly cooling the propellant gas. Care should be taken to keep the .25-inch diameter perforations in the discs concentric. This can be done by punching the discs from a sheet of screen with a simple die made from pipe fittings with sharpened edges.

The silencer may be fitted to the barrel by turning down the outside of the barrel for most of its length, leaving a step at the chamber end, and cutting threads at the muzzle end (as shown), or it may be held on an unturned and unthreaded barrel by an auxiliary sleeve and set-screw.

Either way, the barrel should

make gas-tight seals with the rear and center annuli of the silencer.

Using standard (not Hi-Vel) .22 Long Rifle ammunition, the muzzle velocity of the silenced

pistol will be subsonic, and the pistol itself will be remarkably quiet.

## Cyanide Gun

Israeli and Soviet secret police have both used a devilish device for political assassinations which is even quieter and deadlier than the silenced pistol described above: a cyanide-gas gun.

Although the device is relatively simple (see drawing), it is not practicable for improvisation by any but the most highly skilled guerrillas.

The gun is a tubular device, approximately eight inches long and three-quarters of an inch in diameter.

It is held in the hand, with the business end pointed at the victim. When a spring-loaded

catch is squeezed, a striker explodes a primer and a very small powder charge inside the device causing a piston to rupture a glass ampoule of prussic (hydrocyanic) acid and expel the contents in a fine spray from the tube.

The effective range of the poison spray is a little over six feet. When the prussic acid spray strikes a victim in the face, he has time to gasp once before collapsing. Death is nearly instantaneous.

Prussic acid is an extremely poisonous substance, although its toxicity cannot hold a candle to some of the modern nerve poisons. Prussic acid is unique, however, in the rapidity of its action. The victim has no chance to cry out, to run, or to take other evasive action. When the spray hits him, for all practical purposes he is dead.

The toxicity of the gas gun poses special dangers for the person using it. In one embarrassing case in Argentina, the corpse of an Israeli secret policeman was found beside the body of his victim. Both had gotten a whiff of the same gas.

To prevent this, antidotes are recommended both before and after using the gun. The assassin swallows a tablet of sodium thiosulfate (photographic "hypo") about an hour before the anticipated use, and he inhales the fumes from an amyl nitrite ampoule immediately afterward.

In the next issue: sabotaging the System.

Cyanide Spray Device

## Why Doesn't Someone Shoot Her?

Hollywood actress Jane Fonda, sleazy heroine of the New Left, made a series of propaganda broadcasts over radio Hanoi while she was in North Vietnam July 8 - 22. The broadcasts were intended to demoralize American servicemen in South Vietnam.

William Joyce ("Lord Haw-Haw"), who made broadcasts for

the Germans during World War II, was hanged afterward by the British government.

Ezra Pound, this century's outstanding poet, was first jailed and then confined to an insane asylum for making Italian broadcasts during that war.

But the loathsome communist bitch, Jane Fonda, still enjoys life, liberty, and the admiration of U. S. liberals after committing treason against America. Since our government has lost the will and the ability to deal with traitors, the people must take that responsibility upon themselves.

JANE FONDA is a neo-liberal heroine.

EZRA POUND, a poetic genius, was recently denied the Emerson-Thoreau literary prize because of his broadcasts for Mussolini. The council of the American Academy of Arts and Sciences vetoed, "on moral grounds," the awarding of the prize to him.

WILLIAM LUTHER PIERCE

SUCCINCT SUMMARY

Dr. WILLIAM LUTHER PIERCE, aka, Luther Williams, former Ideological Officer of the National Socialist White People's Party (Nazi Party) of Arlington, Va. who was expelled after an unsuccessful attempt to gain control of the party in 1970, currently is Executive Director of the National Youth Alliance (NYA), an extremist white youth organization. PIERCE resides with his family in Chancellor, Va. and maintains an office at 1022 Wilson Boulevard, Suite 2012, Arlington, Va. NYA has a current mailing address of Post Office Box 3535, Georgetown Station, Washington, D. C. 20007. PIERCE is Secretary-Treasurer of the NYA corporation and Editor-in-Chief of NYA publications. He is the final authority in all matters pertaining to the NYA and writes, edits and publishes the NYA newspaper, "Attack!" PIERCE is creator of "Revolutionary Notes", a series of articles published in "Attack!" which purport to instruct readers on the construction of explosives and incendiaries and techniques of urban guerrilla warfare. Editorials and articles in "Attack!" suggest revolutionary tactics to destroy "the System", including political assassination and sabotage. PIERCE is alleged to be the source of incendiary devices purchased by an informant and is said to be able to provide dynamite and other explosives for sale. The incendiary and explosive devices reportedly are made by PIERCE, and it is known that he has received laboratory equipment and chemicals, including potassium chlorate, as "Purchasing Agent" of ECO Labs, a fictitious entity using the former NYA Headquarters address, 1656 33rd Street, N. W., Washington, D. C. PIERCE represents the NYA in all policy meetings and makes all public appearances in behalf of NYA. He has frequent contact with many white political and racial extremists throughout the United States and Canada and keeps abreast of developments in the extreme right-wing movement through these contacts.

ADDENDUM: DOMESTIC INTELLIGENCE DIVISION TJS:ekw 10/4/72

"Revolutionary Notes," a series of articles which have appeared in the NYA publication "Attack" since the Summer, 1971, sets forth information and instructions regarding urban guerrilla warfare, sabotage, selection of bombing targets, discussions regarding political assassinations and other acts

to disrupt the "System." Subject is editor and publisher of "Attack" which repeatedly carries detailed plans and drawings with full instructions for the manufacture of explosive and incendiary devices.

In April, 1972, NYA Headquarters in Washington, D. C., was also the mailing address of ECO Labs, fictitious entity designed by the subject for receiving certain chemicals including potassium chlorate, an oxidizing agent in the making of explosives as well as various laboratory equipment.

A letter written by the subject was mailed to NYA "Attack" subscribers in 1971 signaling a new phase in the development of the NYA which indicated the NYA was using "the most radical and aggressive methods we can devise." Subject continues publication of "Attack" with material designed to instruct the reader in political terror, assassination, sniping, as well as information concerning the manufacture and use of explosives and incendiary devices. Subject's activities clearly describe him as dangerous now and his name is being included in the Administrative Index.

WILLIAM LUTHER PIERCE

Dr. William Pierce is Executive Director of the National Youth Alliance. The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

Records of the Federal District Court for the District of Columbia, Washington, D. C., revealed on October 31, 1972, that case number CA 651-72 is a civil action by Pierce against George Washington University, Washington, D. C. Pierce's complaint, filed on April 4, 1972, alleges an assault upon Pierce when he appeared at George Washington University as an invited guest on February 3, 1972, as a result of the negligence by officials of the university. Pierce's suit asks for \$10,000 compensatory damages, and \$40,000 punitive damages for injuries and damages suffered by Pierce in the alleged assault.

George Washington University answered Pierce's complaint on May 9, 1972, and asked for dismissal of the suit after denying allegations of negligence.

It is noted that the details of the incident alleged in Pierce's suit were reported in the Monday, February 7, 1972, issue (Volume 86, Number 29) of "The Hatchet," a student publication of George Washington University. "The Hatchet" article stated that Pierce's appearance at George Washington University to speak on behalf of the National Youth Alliance was sponsored by the University's Program Board. He was said to have fallen victim to an egg and stink bomb barrage from Jewish militants in a conference room at the University Center.

NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On February 5, 1973, a review of records of the Office of the Clerk of Court, United States District Court for the District of Columbia, Washington, D.C., disclosed that case number CA 651-72 was a civil suit brought by William L. Pierce to recover damages in the amount of \$50,000 for alleged negligence by The George Washington University, Washington, D.C. The case was scheduled for trial on April 24, 1973.

"The Washington Post and Times Herald", a daily newspaper published at Washington, D.C., carried the following article in its issue of April 25, 1973, at Page A-34:

member who was struck with eggs thrown at him by persons in an audience while he was speaking on the campus last year.

"Dr. William Pierce, who was invited to speak on the campus February 3, 1972, by the school's student program board, said the University was negligent in telling him about possible violence that could occur if he spoke. Dr. Pierce is publications editor of National Youth Alliance, a right-wing youth organization.

"According to court papers, Pierce said he was hit by 'more than a dozen fresh eggs', that furnishings in the room in which he was speaking were set on fire, and that stink bombs were thrown in the room."

"Pierce had asked for \$40,000 in punitive damages, \$10,000 in compensatory damages and \$2.50 for cleaning his suit after the incident. Lawyers would not disclose the amount of the settlement, other than to say it was more than the cleaning bill and less than the total amount asked".

UNRECORDED COPY FILED IN 157-12589-

This investigation is based upon information which indicates that the National Youth Alliance (NYA) is engaged in activities which could involve a violation of Title 18, U. S. Code, Sections 245 (b) (3), Chapter 102, 2101-2102, and Chapter 12, 231-233 (Antiriot laws) or 241 (Civil Rights Act of 1968). The NYA originally was formed from a nucleus of Youth for Wallace supporters following the 1968 presidential election for the stated purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. Its efforts to establish in this country a German-type national socialism of the Hitler era emphasize white racist and anti-Semitic policies. The NYA tabloid newspaper, "Attack!", in its Summer, 1971 (Number 6) issue, advocated revolutionary action to destroy the existing system, since "It is no longer possible to cure the System \* \* \* by Constitutional methods." A series of articles entitled "Revolutionary Notes" published in "Attack!" beginning in the Summer, 1971 (Number 6) issue and concluding in the October, 1972 (Number 15) issue, provided readers with instructions and diagrams for the construction of simple incendiary and explosive devices and techniques of guerrilla warfare "for use in counter-revolutionary situations." The Fall, 1971 (Number 7) issue of "Attack!" carried an editorial entitled "What We Must Do Now," which discusses "revolutionary action" and states in part: "We must think \* \* \* in terms of assassinating federal judges, of burning the stores of businessmen who act as if they are more interested in what's good for business than what's good for White America, of dynamiting the TV transmitters and newspaper presses of the alien news manipulators, of harshly punishing Whites -- male or female -- who fraternize sexually with non-Whites, of putting the fear of terrible retribution into every treacherous politician and System-serving editor, advertiser, bureaucrat, or other public person."

The feature story in the August, 1973 (No. 22) issue, of "Attack!" concerns the sale of American wheat to the Soviet Union. "Attack!" alleges that the wheat deal is a gigantic swindle of the American people by the Nixon Administration for the benefit of Jewish grain speculators. The

Soviet wheat deal is also referred to in the current "Attack!" editorial "What Will It Take?", which purports to answer the question: what will it take to awaken the American public to the alleged fact of Jewish control of this government and social order and provide the impetus for a "revolutionary" change? The answer given in this editorial is that "hard work, a spirit of self-sacrifice, and the custom of self-discipline on the part of a steadily growing, ever stronger, ever more determined movement of national liberation and regeneration" is needed to overturn the existing order in favor of the "new social order" advocated by NYA.

A lengthy article entitled "Inside The Jewish Defense League" purports to show by citing alleged excerpts from a "liberated" Jewish Defense League (JDL) "training manual" that the ultimate objective of the JDL (with "Under the table" assistance from other Jewish groups, such as the Anti-Defamation League of B'Nai B'rith) is to assert the pre-ordained superiority of Judaism and that "Gentile resistance to \* \* \* Jewish ambitions is regarded - seriously - as 'persecution,' and the effort to stifle this persecution is 'Jewish self-defense'."

b6

Under the captioned "NYA-WGP in Action," the activities of the Western Guard Party, "NYA's Canadian affiliate," in resisting "a group of militant communists who attempted to break up a meeting and party at WGP's Toronto headquarters on July 29" are reported. A photograph on this page reportedly shows two NYA activists, "ED and ANDY," preparing to make a neighborhood distribution of 500 copies of "Attack!" in El Monte, California. "ED and ANDY" are believed to be identical with ED KESSINGER and ANDY ANDERSON, who have been featured in previous issues of "Attack!"

b6  
b7C

As previously reported in another communication, the current issue of "Attack!" carries a reprint of an advertisement which allegedly appeared in the publication, "Sepia," a magazine with a largely Negro readership. This advertisement

WFO 157-2396

offers readers a manual for the price of \$10.00 which provides a course of instruction for achieving "Black Power" utilizing techniques of "African Atto." Readers are invited to respond to "Black Products, Box 1234, Denham Springs, Louisiana 70726."

DC: Information provided by [redacted] disclosed that the above advertisement reportedly was placed by [redacted] [redacted] - extremist white political and racial activist, [redacted] Allegedly, there was no collusion between [redacted] and WILLIAM L. PIERCE, Executive Director of NYA and Editor-in-Chief of NYA publications, with respect to the reprint of this advertisement in "Attack!" The informant advised on 8/17/73 that PIERCE

[redacted] PIERCE had chosen the [redacted] advertisement for publication in "Attack!" [redacted] PIERCE [redacted]

DC: The August, 1973 (No. 22), issue of "Attack!" also includes a "paid advertisement" for Heroic Posters, 735 11th Street, N.W., Washington, D. C. 20001, offering posters of Washington and Patrick Henry for \$3.00 each. [redacted] [redacted] has advised previously that Heroic Posters is a business enterprise operated by [redacted] a white political and racial extremist who belonged to NYA in the past.

WFO should attempt to identify the Arab groups and individuals in the U.S. with whom the NYA has established contact. The circumstances surrounding these contacts and the identities of the NYA principals involved should be fully developed. Ascertain if positive steps have been taken by the NYA to establish contacts personally with Arab leaders abroad. Any information concerning Arab support of the NYA should be fully developed.

WFO should determine the degree of association between Pierce, Director of the NYA, and J. M. Nicholas of Miami, Florida. Insure that appropriate steps are taken to cover any possible foreign travel of Pierce in connection with NYA involvement in foreign affairs.

Miami Office should discreetly identify Nicholas and furnish pertinent information to the Bureau and WFO. Exercise caution to protect WFO source in this matter.

Miami utilized sufficient information regarding NICHOLAS, as furnished by the informant, to identify him, but did not include the bulk of the information in order to avoid duplication inasmuch as it is expected that the information will be included in a subsequent Washington Field LHM.

The additional informants mentioned in the LHM were [redacted] contacted October 16, 1973 by SA [redacted] and [redacted] and [redacted] contacted on November 5, 1973 and November 2, 1973 respectively by SA [redacted].

Miami indices were negative with regard to JOHN HEDDERTON NICHOLAS.

Appropriate credit and arrest records were negative concerning NICHOLAS on October 26, 1973.

Personal observation at 7059 S.W. 37th Court, South Miami, on October 24, 1973 disclosed that the residence at this address is a small, dilapidated cottage in a very run-down neighborhood which has been zoned for commercial development. It is one of the few remaining residences in the area and it is very overgrown by trees, shrubs, and tall grass. An ancient truck containing roof cleaning equipment was parked in the front yard. It bears no license and does not appear to have been moved for some time.

In view of the need for caution to protect the Washington Field office informant, Miami contemplates no further investigation at this time. In the event additional background information is needed, it is suggested that Washington Field review the naturalization record of NICHOLAS located at U.S. District Court, Washington, D.C.

RE: WILLIAM L. PIERCE

On October 25, 1973, the records at the Bureau of Voters Registration, Dade County Elections Division, 1351 N.W. 12th Street, Miami, showed that John Middleton Nicholas, 7050 S.W. 87th Court, South Miami, registered to vote on March 27, 1964. On his registration card, he indicated that he was a roof painter by trade and that he was born on January 13, 1901 in South Africa. According to this record, he was naturalized in U.S. District Court, Washington, D.C. in 1938. Except for his political party designation, this record contained no further information.

# Blackmail!

America is being blackmailed. Because of this blackmail we may not be able to drive our cars or heat our homes this winter. Some of our schools may be forced to close, and many of us may lose

our jobs. If the blackmail continues, and if many of our industries are forced to shut down, America may be faced with another depression. We can put an end to this blackmail, and it's high time we did!

***The blackmailers are a tightly organized, international gang of Zionists.***

Zionists believe in an alien ideology repugnant to all decent Americans. They are loyal to a foreign power: Israel. They have applied blackmail pressure to the government of the United States,

forcing it to adopt policies which are favorable to Israel but which are bad for the American people. These policies, by alienating our Arab friends in the Middle East, have caused the present oil crisis.

***Zionists represent fewer than three per cent of the American public.***

But they are able to blackmail lawmakers and other government officials because of the control they wield over our elections. Through their ownership of the broadcast-network monopolies and large segments of the press they have an enormous influence on our national electoral process. They also control a disproportionate share of the campaign money which gets Congressional candidates elected. Senator J. W. Fulbright, Chairman of

the Senate Committee on Foreign Relations, has several times pointed out the Zionist control of Congress. "The Senate is subservient (to Zionists)," he said. "We should be more concerned about the United States' interest, rather than doing the bidding of Israel." Another time he said, "The Israelis (acting through Zionists in this country) control the policy in the Congress and the Senate."

***Zionist blackmail against Congress has embroiled America in the Middle East war, contrary to the wishes of nearly all Americans.***

It has resulted in enormous blackmail payments to the Israeli government. The latest payoff being demanded is \$2.2 billion of our tax money. Worst of all, Zionist blackmail has caused the shutoff of the vital oil formerly supplied to us by our Arab friends in the Middle East. We can restore the oil imports we need to

keep the country running if we refuse to knuckle under to Zionist blackmail. If we demand that no more American money or weapons be sent to the Middle East and that the media monopolies in this country be broken up, we can put the Zionist blackmailers out of business.

***Let's tell the Congress and the White House that we, the American taxpayers, will tolerate no more Zionist blackmail!***

***And let's make sure that politicians who yield to blackmail don't get re-elected.***

# How the Blackmail Works: the Media Monopolies

The Watergate scandal has demonstrated to all of us the awesome power of television and the press. The masters of the mass media can give artificial stature and popularity to any politician they like — just as they can wreck the career of anyone they dislike.

That is a dangerous enough power under any conditions. In America today it is made infinitely more dangerous by the concentration of this power in the hands of a small number of people—all members of the same minority group with ties to a foreign government.

## Television News

Consider, for example, the TV news broadcasting industry. This is probably the single most influential mass medium.

Virtually all national and international TV news in the U.S. is filmed, edited, and broadcast by just three corporations: American Broadcasting Companies, Inc. (ABC), Columbia Broadcasting System, Inc. (CBS), and National Broadcasting Company (NBC). The last is not an independent corporation, but is a subsidiary of Radio Corporation of America (RCA).

Each of these major corporations has a separate news subsidiary with officers responsible only for news programs.

## ABC

The president and chief executive officer of ABC is Leonard Goldenson. The general manager of ABC News is Martin Rubenstein, and under Mr. Rubenstein, as executive producer of ABC's TV news programs, is Avram Westin.

## CBS

The top man at CBS is Chairman of the Board William S. Paley. The CBS News subsidiary is run by President Richard S. Salant.

## NBC

Robert Sarnoff is president, chief executive officer, and chairman of the board of RCA. Mr. Sarnoff's man in charge of news is NBC News President Reuven Frank.

## Seven Powerful Zionists

The major broadcasting cor-

porations in executive positions, but the seven men named above are at the key control points. They are the ones who have the ultimate decision-making authority. They dictate what 210 million Americans shall learn of what has happened in the nation and in the world each day. All seven of them — Goldenson, Rubenstein, Westin, Paley,

Salant, Sarnoff, and Frank — are Zionists.

## Newspapers Too

Zionist control has also been effectively extended over the great majority of the 62,000,000 newspapers printed each day in this country. Two outstanding examples of this control are the

nation's two most prestigious and influential newspapers: the New York Times and the Washington Post.

## New York Times

The New York Times is the unofficial social, fashion, entertainment, political, and cultural guide of the nation. Its influence and ideas reach into every stratum of American life. It is sold in virtually every community in the United States.

The New York Times was founded in 1851 by Henry Raymond and George Jones, but in 1896 Adolph Ochs, a wealthy Zionist publisher, acquired the paper from Jones' estate. The present Zionist owners are the Ochs-related Sulzberger family. Arthur Ochs Sulzberger is the paper's current president and publisher.

## Washington Post

A close second to the New York Times in national influence is the Washington Post, which, by establishing its "leaks" in most governmental agencies in Washington, has an inside track on news involving the Federal government.

The Washington Post was founded in 1877 by Stilson Hutchins, but in 1933, at the height of the Great Depression, it was sold at a bankruptcy auction to Eugene Meyer, a Zionist financier, for a trifling \$825,000.

The Washington Post is presently run by Katharine Meyer Graham, Eugene Meyer's daughter, who is the principal stockholder and board chairman, and Larry H. Israel, who is the president and chief operating officer. Needless to say, Mr. Israel is also a Zionist.

The Washington Post also owns Newsweek magazine and a number of radio and TV broadcasting stations.

## Break Zionist Monopolies!

The elected representatives of the American people cringe in fear of the power of the mass media. With very few exceptions, they are afraid to adopt any policy not approved by the Zionist masters of the media. Both the domestic and foreign policies of the United States are thus hostages to Zionist blackmail.

We must break the media monopolies, so that TV, newspapers, and the other mass media represent only the interests of the American people instead of a foreign government.

THIS LITTLE ARAB GIRL has been permanently disfigured by napalm dropped on her village in southern Lebanon by Israeli bombers. The tragedy and shame for us is that both the aircraft and the napalm were made in the U.S.A. The average American does not want this country to become entangled in another "Vietnam" in the Middle East, but Zionist blackmail against the Congress and the White House are forcing our government to continue sending weapons and money to

# National Youth Alliance

BOX 3535, WASHINGTON, DC 20007

NATIONAL OFFICE

November 26, 1973

Dear American:

Enclosed with this letter is a leaflet designed for immediate mass distribution all over America. It is not aimed at "right wingers" or conservatives or "radicals," but at average, uncommitted Americans.

It ties together the two most disturbing issues of the day: the fuel shortage and the general failure of confidence caused by the media exploitation of Watergate. It not only ties these issues together, but it clearly places the blame where it belongs and directs attention onto the primary danger: Jewish monopoly control of the mass media and, as a consequence of that, of the entire American political apparatus.

The Enemy has never been so vulnerable as he is now. His natural instinct for socially destructive activity has led him into such excesses in exploiting the Watergate fiasco that a great deal of public resentment against the media has been generated. People whose only previous concern about the media was whether or not their favorite soap opera or TV talk show would be continued for another season have been muttering darkly about "media bias."

It was a pure stroke of fortune that the latest Middle East flare-up came when it did. Despite the transparent and heavy-handed effort to blame everything on the Arabs, there are millions of Americans who know better. They understand that they are being asked to walk and to shiver this winter so that the Jews can hold onto their stolen real estate in the Middle East, and they don't like it a bit. Furthermore, they have cynically observed that the newspapers and the TV networks are slavishly pro-Israel. While Senator Fulbright talks about Zionist control of the Congress, thousands of ordinary Americans are referring, for the first time in their lives, to the "Jewish networks."

Only a minority of Americans are beginning to understand who is behind their present troubles, of course, and the Enemy is working hard to keep the others from waking up. Our duty is clear. We must seize the present opportunity and utilize it to the fullest extent possible. If we lose this chance to turn America against her exploiters, we may never have another. It is only 10 years until 1984.

Let's spread our new "Blackmail!" leaflet all over this country--by the millions! Let's throw thousands of them from office windows at the lunch hour in downtown Dallas and Seattle. Let's rent small airplanes and drop tens of thousands of them over Los Angeles, Philadelphia, and Memphis. Let's scatter them along the streets with the heaviest pedestrian traffic in Chicago and Phoenix. Let's saturate parking lots filled with the cars of Christmas

shoppers in Portland, Richmond, Cleveland, Pittsburgh, and Boston. Let's ~~strew~~ them about college campuses and factory gates, around trailer parks and bowling alleys, in public buildings and football stadiums. Let's have these eye-catching yellow leaflets blowing in the wind and littering sidewalks from the Rio Grande to the Great Lakes and from the Atlantic to the Pacific. Let's wake America up!

We're geared up at the National Office to ship out at least two million leaflets during the next month. If we get orders for twice that many, we'll hire more people to help us wrap and address them. The leaflets are priced so low that we will barely break even on them--in fact, we will lose money on shipments to the West Coast because of the postage. But, in the long run, it can be the most profitable project we have ever undertaken if everyone will do his share to help distribute them! If we are able to carry the message on this leaflet to a sufficiently large number of Americans at this time, we can change the course of history.

Even if you've never distributed a single copy of ATTACK! before, you should order the largest quantity of these leaflets you possibly can. Do it now and beat the Christmas mail jam!

Sincerely,

  
William L. Pierce

P.S.: We have filed the first interrogatory in our Federal suit to make the Defense Department retrieve the war materiel illegally shipped to Israel during the recent fighting. We expect to have an important announcement soon concerning this suit.

WILLIAM L. PIERCE;  
NATIONAL YOUTH ALLIANCE

Dr. William L. Pierce is Executive Director of  
the National Youth Alliance.

The National Youth Alliance (NYA)  
is an organization originally formed  
from a nucleus of Youth For (George  
C.) Wallace supporters following  
the 1968 presidential election for  
the purpose of countering radical  
leftist and anarchist influences  
on the campuses of American colleges  
and universities. NYA currently is  
controlled by individuals who militantly  
promote white racialism and anti-Zionism  
and who suggest violent revolution  
ultimately as the means for implementing  
their racial and political ideas in  
America.

On December 12, 1973, a confidential informant,  
who has furnished reliable information in the past, provided  
a copy of the November-December, 1973 (Number 29), issue  
of "ACTION", internal bulletin of the NYA. This publication  
has been reproduced and a copy is attached hereto.

"The Washington Post" and "Times Herald", a daily  
newspaper published at Washington, D. C. carried an article  
entitled "Right-Wing Organizations Increase Anti-Israel  
Campaign" by Paul Valentine, "Washington Post" Staff Writer,  
in its issue of December 13, 1973, at Page A-2. Recent  
activities of Pierce and NYA, as well as those of other  
"right-wing organizations" and activists are described therein.

**CLOSEOUT ON ATTACK! BACK ISSUES.** The National Office wants to clear out about 40,000 copies of ATTACK! Nos. 7-15 before January 1. Until that date they are available free to any Member, Supporter, or Subscriber who can use them for local distributions. The National Office requests only that persons who want these back issues pay shipping charges of \$1.50 per 100 papers. Particular issues preferred may be specified, and the National Office will comply with your preferences until stocks are depleted.

Back issues from No. 16 on will still be available at the regular price of \$2.50 per 100 papers.

**SUIT AGAINST SCHLESINGER STILL IN COURT.** Dr. Pierce has amended his suit against the Secretary of Defense with a request for a three-judge court. Then, even if the first court refuses to order Schlesinger to take steps to recover the U.S. war materiel illegally transferred to the government of Israel during the recent Middle East fighting, an appeal can be made directly to the Supreme Court without having to go through an intermediate appeals court.

Schlesinger now has until January 7 to answer the suit. The time between now and then is being used to prepare Dr. Pierce's case as carefully as possible. An NYA Member in Ohio who recently passed his bar examination is helping with the legal research. The main hope, however, is that other plaintiffs will intervene in the suit, and there are indications that this may occur soon.

November-December 1973

**ZIONISTS SEE NYA AS MAIN THREAT.** The New York Zionist weekly, the JEWISH PRESS, carried a long article about NYA in its November 16 edition. The article quoted extensively from several issues of ATTACK! and made the point that NYA is the only "radical right" organization which poses a potential threat to Jewish rule in America. Our militancy, as well as the serious and mature tone of ATTACK!, worries the Zionists. They are afraid that NYA will refuse to play the political game by the System's rules, but instead will use whatever means are necessary to win. The article claims that it is NYA's intention "to change the psychological mood of the patriotic American who naturally shies away from thoughts of violence against his own government and to create a cadre of fascists which will be prepared and trained to use violence to seize power."

The real danger the Zionists see in NYA, however, is our rejection of the economic materialism of both the capitalist right and the communist left and our call for a spiritual rebirth of the American people. Says the JEWISH PRESS: "An interesting point to be considered is just what the reaction of youth, THE SAME YOUTH THAT TODAY MARCHES FOR THE LEFT (original capi-

## EXPOSING THE HATERS

By DAVID BORAC

Among the various groups testifying before the Senate Foreign Relations Committee against the nomination of Henry Kissinger as Secretary of State, was one little known outfit known as the National Youth Alliance.

This organization, one of the more vitriolic and openly hating groups around, has two qualities that distinguish it from some of the other haters: they ultimately emulate. One, there is an effort on the part of NYA to take a more "intelligent" or "intellectual" approach to hate. Their efforts are aimed at university or high school students and their newspaper, "Attack!", carries articles that are cut above the painfully crude ones written down in the publications of

through the violent overthrow of the government. (Indeed, NYA attempts to escape the Right wing label by declaring that the terms "Right" and "Left" have lost any meaning).

NYA's claim that it is time for a radical and revolutionary approach to changing the United States into a fascist, racist State, finds its boldest expression in the form of a regular column known as "Revolutionary Notes." This is nothing less than a primer for making explosives of all kinds and how to handle weapons of all caliber. Thus, one of the lessons teaches us how to make Molotov cocktails. Not just the simple, basic kind consisting of a bottle

ment and to create a cadre of fascists which will be prepared and trained to use violence to seize power.

Naturally, NYA's great hate is the Jew and this is why their representative appeared before the Senate Committee to state that his group represented "the majority of America, the white, gentle America" and launched into a tirade against Kissinger, the Jew and Zionist.

A glance at some of the issues of Attack! leaves little room for doubt as to their feelings about Jews. Thus we read:

"The Jews have always been in the vanguard of revolutionary ferment, in Europe as well as in America. As Gibbon and other writers have pointed out, the Jews played a major role in instigating the series of revolutions which finally undermined the decaying Roman Empire. They starred again in the French Revolution

states. It is not surprising that here, too, the Jew comes in for attack by NYA.

"It (technology) has made their lives longer and removed much of the pain and struggle of living. And that's all they think about — pain vs. pleasure, inconvenience vs. convenience, struggle vs. leisure, period.

"This unrelieved materialism is not inherent in western man's world view. It is imposed. It is Jewish..."

An interesting point to be considered is just what the reaction of youth, THE SAME YOUTH THAT TODAY MARCHES FOR THE LEFT, will be to this call. It is totally possible that the same youth will find in this anti-materialism yet nationalistic call, a thing that will satisfy them more than the Left did. It is something for Jews to think about.

Finally — NYA, again in com-

talized), will be to this call. It is totally possible that the same youth will find in this anti-materialistic yet nationalistic call a thing that will satisfy them more than the Left did. It is something for Jews to think about."

**BLACKMAIL! LEAFLETS BLANKETING U.S.A.** The National Office has already printed and shipped more of the new, yellow "Blackmail!" leaflet than any other piece of printed matter ever published by NYA. Two million copies is a lot of leaflets, though, and if we are to reach this goal in December we need to print and ship many more in the next few days.

Although these leaflets may be handed to passersby one at a time, they are really designed to be "broadcast." In Washington, for example, NYA teams have been driving through the Capitol area and other areas of heavy pedestrian traffic at 4:00 AM and throwing out thousands of leaflets so they will be all over the sidewalks and parking areas when government workers and shoppers show up later in the morning.

It may seem extravagant to heave tens of thousands of leaflets, at a cost of nearly a penny each, out the window, but it is the best way of getting our message to a broad cross section of citizens in a hurry, when the use of the more conventional mass media is denied to us. It is really surprising to see how fast people pick up the leaflets. The presence of large numbers of the eye-catching sheets fluttering around causes curiosity, and the average person, arriving for work or getting out of his car in a parking lot, will pick up one and begin reading it. Others see this and do likewise.

There are, of course, many other ways of distributing these leaflets, and one can use his imagination to devise the most effective method to fit his own circumstances. What is important is that **EVERYONE** participate. In particular, no Member should fail to distribute as many leaflets as he possibly can.

This is a critical moment in history. The American public, that vast herd of generally contented sheep, are more disillusioned with the System which controls their lives than they have been in many years. Furthermore, the resentment of a substantial portion of the public is directed specifically at the media monopolies, because of Watergate, and at the Zionist lobby, because of the energy crisis. They do not yet see the connection between these two things, nor do they understand the other ramifications of Jewish control of the media and the Congress, but they are ready and waiting for someone to explain it to them. Such readiness may not recur for a long time, and we must take advantage of it now.

Whether you are an NYA Member or not, order as many leaflets as you possibly can. In order to get them to you as soon as possible, NYA has begun using United Parcel Service for all

bulk shipments. This means you should receive your leaflets within three days from the time your order is received by the National Office. Shipments to the West Coast are sent by air. Prices, including shipping, are \$12/1,000 up to 10,000 leaflets and \$10/1,000 for 10,000 or more. This price is less than NYA's printing and shipping cost. Distributing these leaflets is extremely important. Send your order to the National Office today!

Early this morning I had occasion to walk from the Longworth House Office Building to the Capitol. I was amazed and thoroughly disgusted to find yellow sheets headlined "Blackmail!" strewn all over the place.		
What the content of the sheet is I do not know nor do I propose to read it. Any organization that does not have the common decency to at least attempt to protect the environment on Capitol Hill receives no consideration from me.		
I shall expect a reply stating how this occurred.

THE NATIONAL OFFICE, in answering this letter from a Congress who objected to our leaflet distributions, pointed out that NYA is also concerned about the environment, but that the oil shortage will cause worse damage to the environment than will our leaflets. NYA does approve of littering either, but an extraordinary situation calls for extraordinary means.

# Right-Wing Organizations Increase Anti-Israel Campaign

By Paul Valentine  
Washington Post Staff Writer

Several right-wing organizations ranging from the 20,000-member Liberty Lobby to the American Nazis have sharply increased their traditional anti-Israeli propaganda, blaming the current fuel shortage here on what they call Jewish or Zionist manipulation of the Mideast crisis.

**Jews to Blame . . . for Oil Crisis,** says a banner headline in the current issue of White Power, newspaper of the National Socialist White Peoples Party (Formerly American Nazi Party).

"Oil Yes — Jews No," reads a bumper sticker being peddled by the National States Rights Party.

"America is being blackmailed," asserts a leaflet distributed in the thousands here by the National Youth Alliance, founded by a former American Nazi Party leader.

The blackmailers are a "gang of Zionists."

"The cause of this drummed-up energy crisis," says Curtis Dall, Liberty Lobby chairman, in an automatic recorded telephone message here, "is the expensive aims of the state of Israel (with) world Zionist leaders and big money aiming to further regiment us by projected ration control."

These and other efforts at fuel crisis publicity have generated what organizers say is a general rejuvenation of the right wing.

The Washington Post

"I've never seen anything like it," says William Pierce, head of the Arlington-based National Youth Alliance. "We've already sold about 250,000 'blackmail' leaflets across the country, and we can't keep up with the orders."

"There's been a real resurgence of the right wing over this oil crisis issue," says Edward R. Fields, secretary of the Georgia-based National States Rights Party, which describes itself as "white racist political party."

Fields said his organization recently printed 10,000 "Oil Yes—Jews No" bumper stickers and already has sold more than 1,000 at four for \$1. Circulation of the party's newspaper, The Thunderbolt, has also jumped from 12,000 to 14,000 in recent months, he said.

Spokesmen for all organizations said their publicity efforts are self-supporting and they say receive they receive no support from Arab or oil interests.

"We've been watching this matter very closely," says Arnold Forster, general counsel for the Anti-Defamation League of B'nai B'rith, which monitors organizations considered by it to be anti-Jewish.

A "kind of empirically weighted study" by ADL of newspaper editorials across the country, he said, shows that only a "lunatic fringe" of "extremist bigots" blame the oil shortage on Israel or American Jews.

The shortage has provided a timely pretext to boost anti-Jewish propaganda, Forster said. "It's part of their lunatic thinking," he said.

The thrust of much of the

interests in Congress and the Nixon administration has led to almost unlimited financial and military support of Israel. This in turn triggered reductions in oil supplies by the Arab nations to the United States, according to the literature.

At a minimum, the organizations urge elimination of U.S. aid to Israel and withdrawal of Israeli troops to the 1967 borders.

"We can restore the oil imports we need to keep the country running if we refuse to knuckle under to Zionist

can money or weapons be sent to the Middle East and that the media monopolies in this country be broken up, we can put the Zionist blackmailers out of business."

Pierce, of the youth alliance, would not reveal membership totals for the organization. He said he has been steadily shipping 100-pound bundles of the leaflets across the country at 1,000 copies for \$12 or 10,000 copies for \$100. In addition, the oil crisis has been a leading subject in the organization's 16,000-circulation newspaper, "Attack," which has

Capitol Hill recently with thousands of the "blackmail" leaflets printed on bright yellow paper.

In a similar action, Fields and several others from the National States Rights Party visited Washington last week, left copies of a protest letter at the offices of numerous senators and representatives, then picketed the White House.

Fields said in a telephone interview from his headquarters in suburban Atlanta that the current issue of the party's 14,000-circulation "Thunderbolt" has

"I think the Jews . . . spot," he said. "I think pin their ears back on sue. We're going all out."

Likewise, spokesmen of the National Socialist White Peoples Party in Arlington, Va., said their monthly paper, White Power, sold out in November and December.

At party headquarters, 100 N. Franklin Rd., yes, a security guard wearing a .38-caliber pistol on one hip and a canister of chemical spray in the other refused to let the party's members into the party's membership bureau or newspaper circulation office.

Liberty Lobby, the most influential of the groups, with headquarters at 300 Independence Ave., says in its current newsletter, "Whether by rationing or . . . by driving up the price of gas to \$1 a gallon, the effect is the same—the of a conceptual bank that puts Israel ahead of our own country . . . Let our national interest be where the Israelis live where we live. America's Liberty Lobby spokesmen of their organization is "constitutionalist," distinct from "right wing."

They also emphasize their opposition is to what they call "Zionists," not to sons who support the state of Israel to the detriment of the United States, as disingenuous Jewish persons in general.

The Zionist "program" in the United States, says Dall in the current issue of the Liberty Lobby's "gradual destruction of our culture and way of life."

# Ex-Nazi's Hate Group Is Tax Exempt

By Jack Anderson

Under President Nixon, public interest groups have found it increasingly difficult to obtain tax exemptions from the Internal Revenue Service.

Yet a former Nazi, who once promised there would be "a Jew hanging from every lamppost in the country," had no trouble breezing through the bureaucratic morass at the IRS and getting his hate organization declared "exempt from federal income tax."

He is William L. Pierce, who runs the anti-Semitic, right-wing National Youth Alliance in Arlington, Va. Pierce, who has a PhD. in physics and prefers to be called "doctor," was a self-admitted "personal friend" of George Lincoln Rockwell, the late fuhrer of the American Nazi Party. After Rockwell's death, Pierce became the Nazis' "assistant executive officer" and "ideological officer."

It was in this capacity that Pierce recorded a "dial-a-hate" message declaring "there is only one effective way to deal with rampaging blacks on our campuses — and in our cities — and that is to kill them."

In 1968, Pierce was found selling "Negro control equipment" out of his Virginia home. His "equipment" ranged from riot guns to chemical mace.

For the past three years,

Pierce has headed the National Youth Alliance, an offshoot of the arch-conservative Liberty Lobby. The original NYA, which was based in Washington, went out of business and, in 1970, was reincorporated in Virginia by Pierce.

The "new" NYA is largely a paper organization which does little more than publish hate literature and send out appeals for funds.

Its main publication is a tabloid called "Attack," which is frequently festooned with ghoulish pictures of maimed and disfigured bodies. They are described in rabid language as Arabs who fell victim to Israeli attacks.

A recent fund-raising letter asserted that "only a well-aimed bullet could have stopped the confirmation of Henry Kissinger..."

This scurrilous literature is now produced tax free. For as of October, 1973, Pierce's organization is no longer required to pay federal taxes.

A letter to Pierce from IRS District Director William D. Waters proclaims that the NYA is "not liable for Social Security (FICA) taxes" or for "the taxes imposed under the Federal Unemployment Tax Act (FUTA)." All "bequests, legacies, devises, transfers or gifts" to the NYA are also "deductible for federal estate gift tax purposes."

What's more, Pierce took his tax-exempt, credentials to the Postal Service and wangled the privilege of mailing his literature at the reduced rates reserved for non-profit organizations.

Now, courtesy of the U.S. government, Pierce saves \$310 for every 10,000 pieces of hate mail he sends out.

Pierce's most recent issue of "Attack," which he mailed at non-profit rates, contains a picture of Kissinger in the crosshairs of a rifle telescope. The same issue advertises Adolf Hitler's "Mein Kampf" and several "how-to" books on the construction of booby-traps, explosives and demolitions.

Footnote: An IRS spokesman told us that tax exempt status is usually granted on the presumption that "the organization has acted in good faith and has told us the 'truth' about its operations. There are over 600,000 tax-exempt groups on record, the spokesman said, explaining it is impossible to investigate them all. Nevertheless, the IRS found plenty of time to investigate the Center on Corporate Responsibility, a public interest group that struggled three years for a tax exemption and won it only after a federal judge detected "political" influence.

On January 2, 1973, a confidential informant who has furnished reliable information in the past advised that in a recent broadcast by syndicated columnist Jack Anderson, it was stated that a full-scale congressional investigation of Pierce and the National Youth Alliance would be conducted as a result of Anderson's column on December 26, 1973.

It is noted that Anderson wrote an article captioned "Ex-Nazi's Hate Group Is Tax Exempt" in his syndicated column, "The Washington Merry-Go-Round", on December 26, 1973, in which it was stated that National Youth Alliance literature is produced tax free and is mailed at reduced postal rates as a non-profit organization.

Dr. William L. Pierce is Executive Director of  
the National Youth Alliance:

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On January 18, 1974, a confidential informant who has furnished reliable information in the past advised that Pierce and others representing NYA expected to appear in United States District Court, Alexandria, Virginia, on that date in connection with a petition filed by Pierce for an injunction which would restrain the Secretary of Defense from delivering American arms and military equipment to Israel and would order him to recover all arms and materiel already delivered. The source learned that the petition filed by Pierce was to be amended to include Lieutenant Colonel Archibald E. Roberts, United States Army (Retired), who is Director of the Committee to Restore the Constitution, Incorporated, Fort Collins, Colorado, and Richard B. Cotten, publisher of "Conservative Viewpoint", as parties to the suit filed by Pierce. According to the informant, efforts were being made by NYA representatives to induce Lieutenant General Pedro A. Del Valle, United States Marine Corps (Retired), who is Chairman, Defenders of the American Constitution, Annapolis, Maryland, and Dr. Robert John, author of "Palestine Diary" who resides in New York City, to enter the suit as petitioners.

The above informant subsequently advised on February 1, 1974, he had learned that the petition filed by Pierce for an injunction had been dismissed by the court. The informant stated that Pierce intended to ask for a new hearing on the petition on the grounds that the court had been prejudiced by unfavorable newspaper publicity concerning Pierce and the NYA. The source was unaware of the status of this proposed action by Pierce.

William L. Pierce is Executive Director of the

The National Youth Alliance (NYA)  
is an organization originally formed  
from a nucleus of Youth For (George

1968 presidential election for the  
purpose of countering radical leftist

of American colleges and universities.  
NYA currently is controlled by  
individuals who militantly promote  
white racialism and anti-Zionism  
and who suggest violent revolution  
ultimately as the means for implementing  
their racial and political ideas  
in America.

On June 10, 1974, a confidential informant,  
who has furnished reliable information in the past, advised  
that NYA hoped to bring several individuals to the  
Washington, D. C. (WDC) area in the near future for  
the purpose of selling the NYA newspaper, "Attack!", in  
the area. The informant also learned that NYA planned  
to inaugurate sales of "Attack!" by means of newspaper  
vending machines placed at strategic points around the  
area.

According to the above source, William L.  
Pierce reportedly had approached several individuals  
about selling "Attack!" in the area. The informant

learned that [redacted] of the National States Rights Party at Arlington, Virginia, and [redacted] with the National Renaissance Party at Alexandria, Virginia, had considered selling "Attack!".

b6  
b7C

A source has described the National States Rights Party (NSRP) as an anti-Negro, anti-Semitic, white racist political party composed of past members of klan-type organizations and other right-wing groups.

The National Renaissance Party (NRP) was founded in 1949, by James H. Madole, National Director. The NRP is headquartered in Madole's residence, 10 West 90th Street, Apartment 8, New York, New York. This organization has been described as anti-Negro, anti-Semitic and neo-Fascist.

The above informant advised on June 14, 1974, that the NYA had several newspaper vending machines on the street in the vicinity of Vermont Avenue and K Street, N.W., WDC, for the purpose of disseminating "Attack!". Reportedly, these machines were being serviced by [redacted] [redacted] William L. Pierce.

b6  
b7C

On June 14, 1974, an agent of the Federal Bureau of Investigation (FBI) observed NYA newspaper vending machines containing copies of "Attack!" on the southwest and northwest corners of Fifteenth and K Streets, N.W., WDC, and on the northwest corner of Vermont Avenue and K Street, N.W., WDC.

The informant referred to above disclosed on June 19, 1974, that [REDACTED]

to sell the NYA newspaper, "Attack!", at a Ku Klux Klan rally and cross burning scheduled to be held at Pocahontas on that date. The informant subsequently learned on June 21, 1974, that the Klan rally at Pocahontas had been cancelled.

The above source advised on June 25, 1974, that the NYA had ten newspaper vending machines in operation, primarily in the K Street, N.W., area of WDC. These machines are serviced by [REDACTED] and contain ten to twenty newspapers each. According to the source, the NYA hopes to saturate the area with newspaper vending machines selling "Attack!", when sufficient people can be engaged to service the machines.

WILLIAM L. PIERCE, Executive Director of NYA in the past. Dr. REVILO P. OLIVER, 701 Ohio Street, Urbana, Illinois, has been a member of the "Advisory Board" of the NYA and currently is a NYA subscriber and supporter.

On 6/28/74, an established source in a position to know, advised [redacted] is currently residing with [redacted]

b6  
b7C

[redacted] Maryland.

On 6/29/74, a physical surveillance in the vicinity of [redacted] Maryland, revealed no activity at the [redacted] residence. A white 1965 Pontiac station wagon with Maryland Tag [redacted] and a brown 1974 Rambler with Maryland Tag [redacted] were observed parked at the residence which is a [redacted] with white trim and a screened porch. A check of the Maryland Inter-Agency Law Enforcement System (MILES) revealed both Maryland Tags are listed to [redacted]

b6  
b7C

[redacted] Maryland. [redacted] is described as a white female, 5'7" tall, weighing 125 pounds, DOB [redacted].

On 7/1/74, a second source in a position to know, advised there was no activity at the [redacted] residence during the evening of 6/29/74.

On 7/6/74, a physical surveillance of the [redacted] residence was conducted and there were approximately 10 couples observed at the residence. All of the people were white males and females in their late 20's or early 30's. The following license tags were observed in the vicinity of the [redacted] trailer:

b6  
b7C

Maryland - AA 5881 and both of the above-noted [redacted] vehicles

Pennsylvania - [redacted]

Virginia - [redacted]

BA 157-9163

On 7/9/74, the second source advised that a party consisting of approximately 10 to 12 white male and female couples took place at the [ ] residence during the evening of 7/6/74. Source stated that the guests began arriving at approximately 5:30 P.M., and that the party lasted until 12:30 P.M. Source stated all of the people remained inside [ ] home or on the screened porch. Source stated that at approximately 11:45 P.M., a movie which lasted approximately 15 minutes was shown on the porch of the [ ] residence. Source stated this movie appeared to be a documentary of some sort and contained several frames in which ADOLPH HITLER appeared. Source stated that on two or three occasions when HITLER appeared in the movie, the people present applauded. Source stated that there were a few neighbors who complained about the applause, but that there were no incidents and the guests were orderly. b6 b7C

Source stated that all the guests left between 12 midnight and 2:00 A.M., with the exception of the occupants of a late model brown Cadillac bearing Pennsylvania Tag [ ] which source observed parked behind the [ ] residence the following morning. b6 b7C

Source stated that he observed the above-stated tags and the following additional tags in the vicinity of the [ ] residence: Virginia - [ ]. Source stated he also observed an unrecalled out-of-state tag [ ] which had red letters on a white background.

On 7/8/74, a check of MILES for Maryland tag AA 5881 revealed tag listed to AUSTIN JOSEPH APP, 8207 Flower Avenue, Takoma Park, Maryland, described as a white male, 5'10" tall, weighing 175 pounds, DOB 5/24/02. (BAfile 157-8037 is closed.)

No identifications were made between the people who attended the party and the vehicles whose license tags were observed within the vicinity of the [ ] residence. b6 b7C

No. 38

December 1974

**PUBLIC MEETINGS BEGUN.** The first Washington-area public meeting in the Alliance's new recruiting program was held in Alexandria, VA, on the evening of December 8. Because of the press of work in the National Office and because of the anticipated effect of the holiday period on attendance, the next public meeting was delayed until January 7. It will also be held in Alexandria.

Thereafter, it is planned that meetings will be held no less frequently than twice each month. As the National Office staff grows, so that the work load on present staffers can be spread out, meetings will increase in frequency.

As with nearly all Alliance activities, our meeting activity is programmatic—i. e., it depends for its effectiveness not upon any spectacular, one-shot, hit-or-miss effort, but upon a continuing, repetitive program, yielding progress which may seem small at first, but which grows on itself, step by step.

It was because of this that the beginning of our public meeting activity was delayed until the National Office staff was strong enough to undertake meetings on a regular basis—and it is for the same reason that we can be certain of the long-range success of this activity, regardless of any temporary disappointments or setbacks we may experience with particular meetings.

Advertising for the first meeting was only by word of mouth and by flyers inserted into each copy of ATTACK! sold in Washington during the four days preceding the meeting. As a result, the hall hired for the meeting was less than half filled. Those attending were a good mix of new people and previous Alliance contacts, of male and female, and of all age groups.

Dr. Pierce was the main speaker, and his topic was "Who Rules America?" ATTACK! Assistant Editor Dennis Nix also spoke, on the deteriorating racial situation in the United States.

Speaking at the January 7 meeting will be Dr. Pierce, on the topic "Behind the Coming Crash: Minority Control of American Foreign Policy." Also speaking will be Mr. Richard Cotten, director of the National Documentation Institute and publisher of "Conservative Viewpoint," whose topic will be the role of the Anti-Defamation League of B'nai B'rith as an "enforcement" agency for keeping American business and political leaders in line with Jewish policies.

One continuing responsibility of all Alliance people in the Washington area will be attendance at all public meetings, regardless of any temporary inconvenience or interruption of other plans that this may entail. Each Alliance member or supporter should also endeavor to bring with him to each meeting as many friends, neighbors, relatives, and other potentially interested persons as he can. Although the primary responsibility for arranging the meetings rests on the National Office staff, the responsibility for building attendance at them rests on the entire Washington-area National Alliance/NYA community.

**ATTACK! MOVING INTO COMMERCIAL NEWSSTANDS.** In addition to our ATTACK! newsrack program, the Alliance is also beginning to place ATTACK! in some commercial newsstands.

Most drugstore newsstands could not handle ATTACK! if they wanted to, because they are dependent for their supply of periodicals and paperback books upon news wholesalers who refuse to let their retailers handle any independent publications. Needless to say, the wholesale news business is a tightly controlled Jewish monopoly in most large cities. This is not universally true, however, and there are still a number of independent newsstand operators in the country who can carry any publications they want.

Alliance members should seek out such newsstands in their own communities and try to persuade the operators to handle ATTACK! on a consignment basis. Don't look for "conservative" news dealers. Most "conservatives" are afraid of their own shadows and won't handle anything that looks "radical." The best bets are newsstands which carry a wide selection of non-standard periodicals—even Marxist literature and "underground" comic books—and have hard-boiled operators who are not easily intimidated and will carry anything which sells.

If the operator agrees to carry ATTACK!, give him 15 or 20 copies of the latest issue and tell him that when you come back next month with the next issue you will collect his unsold ATTACK!s plus 10 cents for each one he has sold. A big factor in determining the sales of a relatively "unknown" publication such as ATTACK! be the prominence with which it is displayed. Try to talk the newsstand operator into putting ATTACK! in a favorable location on his shelves.

NO MORE WAR leaflets are available in unlimited quantities from the National Office. Leaflets remain the single most important medium for making initial contacts with new people, because they can be distributed in such large numbers. All members should keep a supply of current leaflets on hand at all times, so they will be available whenever an opportunity arises for using them. Whether you choose to strew them by the thousands from an airplane flying over your community or hand them individually to passersby or surreptitiously slip them into the magazines at local barbershops, you are advancing the cause of the Alliance whenever you use them.

**TV EDITORIALS FOR DR. PIERCE.** On December 23 and 24 Dr. Pierce appeared three times in broadcasts by NBC's Washington-area television station, WRC-TV. He rebutted an earlier handgun-confiscation editorial sponsored by the station. Dr. Pierce's remarks in favor of the individual American's right to keep and bear arms were widely heard throughout the Washington area and received an enthusiastic response from many persons.

The television station granted Dr. Pierce air time under provisions of the "fairness doctrine" of the Federal Communications Commission. Patriots often overlook opportunities for using the mass media to propagate their ideas. On the next page is a typical letter protesting an item of anti-American propaganda broadcast by a television station and requesting an opportunity for a rebuttal.

Following that, for your general interest, is another letter concerning the same matter.

Dear Mr. Bolden:

On Saturday evening, December 28, at approximately 7:30 PM, I saw a television commercial broadcast by NBC, about two minutes in duration, which was sponsored by the Department of Health, Education, and Welfare. The commercial was in the form of a monologue by a pretty, blonde girl performing calisthenics, and its propaganda message was, "Wouldn't it be terrible if America were all White?"

I am not fully informed as to what obligation, if any, NBC or WRC-TV is under to balance such propaganda by presenting material representing different points of view. I do, however, wish you to know that the National Alliance does hold a view directly opposed to that expressed in the HEW commercial which you broadcast, and that we would appreciate an opportunity to offer a rebuttal, or in some other way express our view, so that the public can be given a more nearly balanced presentation of opinions on the vital topic of the racial composition of America.

Sincerely,

Dear Mr. Weinberger:

Last Saturday evening I saw a television commercial broadcast by NBC which was sponsored by the Department of Health, Education, and Welfare. The commercial was in the form of a monologue by a pretty, blonde girl performing calisthenics, and its propaganda message was, "Wouldn't it be terrible if America were all White?"

Of all the racially destructive enterprises in which your department of the Federal government has been engaged recently, I don't believe I have seen anything else which so clearly expresses the true motivations of you and your co-workers. You are to be congratulated for your frankness in this particular instance.

I am a little annoyed, I must admit, when I consider that, as taxpayers, the members and supporters of the National Alliance are obliged to pay part of the bill for you to produce and broadcast such vicious propaganda. It is because of this that I am moved to ask you the following questions:

- 1) Do you have any pamphlet, policy statement, or other available publication which clearly sets forth the aims and underlying philosophy of your racially oriented television commercials? If so, I will greatly appreciate your sending me a copy.
- 2) Do you have specific statutory authority to expend money for such propaganda activity? If so, please cite this authority for me.

## SPRING IS COMING—A LETTER FROM DR. PIERCE

Dear Friends and Fellow Fighters for a New Order:

Our movement is emerging from a long, dry spell into a spring-time of renewed activity and growth. Much more will be required of each of us than in the past.

The Alliance has always been "extremist" in its views and its program, and this has kept the great majority of comfortable, lazy, and timid people away from us—even those who agreed with us in principle. Now, although the majority remains lazy and timid, though perhaps a shade less comfortable than before, a growing minority is realizing that the program of the Alliance is no more extreme than the situation in which we find ourselves calls for.

In the past the resources on which we could depend and, consequently, the personnel we could recruit and the activities in which we could engage were strictly limited by the unwillingness of most patriots to "get involved" in anything other than safe, comfortable, and undemanding club- or hobby-type political activity. In particular, there was an unwillingness to jeopardize jobs and social or economic status by doing or saying anything contrary to the norms imposed by the System.

Today that unwillingness is beginning, gradually; to yield to the realization that everything—jobs, status, savings, standard of living, even life itself—is in imminent peril of being destroyed as America continues down the road to ruin.

Today it is beginning to dawn on White Americans—even those in our incurably stupid and greedy middle class—that fleeing to the suburbs will not save them or their children from the planner in Washington who are hell bent on destroying the White race. Yesterday's "extremist" predictions of a mulatto America do not seem so extreme now.

Today more and more of those who desperately hoped that letters of admonishment and threats to vote for someone else would somehow make the traitors and criminals in our Congress mend their ways are realizing that only a firing squad can make honest men of them. They are realizing that all the polite, civilized, Constitutional—and safe—tactics in which they placed their faith have not worked and that maybe, just maybe, there is no way the present System can be patched up and salvaged. They are beginning to think the formerly unthinkable—that only a total revolution can save America from slavery and our race from extinction.

In other words, the cancer which has been eating away more or less painlessly at our insides for so many decades is finally beginning to hurt. Let us thank God for that pain, because it is the only thing which can convince most Americans that aspirin won't work and that surgery is necessary.

The pain will get worse in the months ahead, as America's racial, economic, crime, and foreign problems continue to grow, and the demands which the Alliance will make on all its members and supporters will grow accordingly. But, as the "American way of life" continues to collapse into ruin around us, we can at least be sure that all our efforts and sacrifices will yield a greater growth for the Alliance than ever before. And in that assurance we can better endure the growing pain of America's cancer, for we know that, even in this winter of agony, the springtime of a new birth is beginning to take shape.

**PUBLIC MEETING.** All Washington-area members and supporters should plan to attend the Alliance's public meeting on Tuesday evening, January 7. The meeting will begin at 7 PM in the United Way hall of the Ramada Inn of Alexandria, at 901 N. Fairfax St., just south of National Airport.

WILLIAM LUTHER PIERCE

Dr. William Luther Pierce is Executive Director of the National Youth Alliance and the National Alliance.

The National Youth Alliance (NYA) and the National Alliance (NA) are characterized in the Appendix to this communication.

A confidential informant, who has furnished reliable information in the past, advised on January 6, 1975, that Pierce continues to make all policy decisions concerning NYA/NA and is sole arbiter with respect to material published in the NYA/NA tabloid newspaper, "Attack!". The source said that although Pierce has two paid employees on the NYA/NA staff, all vital matters and contacts are handled personally and exclusively by Pierce. He said that NYA/NA staff members concern themselves for the most part with public sales of "Attack!" newspaper, while Pierce personally handles writing, editing and publishing of "Attack!"; membership and subscriber lists; funds; correspondence; and other contacts with constituents and the public in general. According to the source, the NYA/NA staff is in almost total ignorance of Pierce's proposed plans and activities for the organizations until they become accomplished facts.

The above source disclosed that [REDACTED]

[REDACTED] are rapidly becoming disillusioned and dissatisfied by Pierce's autocratic leadership and are considering the possibility of organizing their own "action unit". Theoretically, the "action unit" would be formed with Pierce's approval for the purpose of implementing

NYA/NA programs; however, the source received the impression that [ ] intend to organize their own group, with or without Pierce's approval, and will direct its activities in accordance with their own ideas in either case. b6 b7C

The informant noted that Pierce had made an attempt to capitalize on the anti-Israel sentiment in this country arising from the critical Middle Eastern political situation and the resulting oil boycott by organizing the National Alliance for middle-aged and older people; by introducing a program of public meetings; and by offering "Attack!" for sale to the general public by means of newspaper vending machines. The informant noted, however, that the composition of the NYA/NA in general appears to be about the same as the NYA before the formation of the NA and that those attending the public meeting of December 8, 1974, were for the most part long-time, hard-right activists and sympathizers. He added that a plan to have NYA/NA members and "official supporters" attend "working meetings" of the NYA/NA staff was discarded after the second such meeting, which attracted only two individuals in addition to the NYA/NA staff. The informant indicated that approximately 80 to 100 copies of "Attack!" are disseminated on the street each day, about two-thirds of which are paid for. NYA/NA reportedly has some 50 newspaper vending machines in Washington currently, and it is hoped that the number will be increased to up to 100 machines.

According to the above source, Richard Cotten, author of "Richard Cotten's Conservative Viewpoint", Post Office Box 17194, Dulles International Airport, Washington, D. C. 20041, will be the featured speaker at the next public meeting sponsored by NYA/NA on January 7, 1975, at the Ramada Inn of Alexandria, Alexandria, Virginia. The source said that Cotten has a large personal following

WILLIAM LUTHER PIERCE

of "reputable, conservative people" and that Cotten had sent out his own invitation to these people to attend the NYA/NA meeting on January 7, 1975. Cotten's invitation reportedly included a copy of the latest NYA/NA leaflet entitled "No More War!", which alleges that pro-Zionist policies of the American government promoted by Zionists in government and the powerful "Jewish lobby" threaten to involve America in a Middle Eastern "Armageddon". Cotten will speak on the topic of the Anti-Defamation League (of the B'nai B'rith) at the NYA/NA meeting on January 7, 1975.

The informant mentioned above also reported on January 6, 1975, that David Ernest Duke, leader of the Knights of the Ku Klux Klan, Box 1234, Denham Springs, Louisiana 70726, will feature three of Pierce's articles in a forthcoming Klan publication and had offered Pierce free advertising space for the NYA/NA in this publication.

David Ernest Duke, a former activist for the National Socialist White People's Party, is founder and Grand Dragon of the Knights of the Ku Klux Klan (KKKK), an unincorporated organization with the mailing address, Box 1234, Denham Springs, Louisiana 70726. Duke has disseminated material stating that the KKKK is a movement dedicated to preserving and enriching the western Christian culture and advancing the interest of the white race.

The National Socialist White People's Party is characterized in the Appendix to this communication.

NATIONAL ALLIANCE;  
NATIONAL YOUTH ALLIANCE

The National Alliance (NA) and the National Youth Alliance (NYA) are characterized in the Appendix to this communication.

A confidential informant, who has furnished reliable information in the past, advised on December 12, 1974, that the second in a series of public meetings sponsored by the NA/NYA would be held at 7:00 p.m. on Tuesday, January 7, 1975, at the Ramada Inn of Alexandria, 901 North Fairfax Street, Alexandria, Virginia.

On January 6, 1975, the above informant advised that Richard Cotten, author of "Richard Cotten's Conservative Viewpoint", Post Office Box 17194, Dulles International Airport, Washington, D. C. (WDC) 20041, would be the featured speaker at the NA/NYA meeting on January 7, 1975. ## NATIONAL ALLIANCE

Copies of the invitation circulated by Cotten and the leaflet prepared by NA/NYA pertaining to the meeting on January 7, 1975, have been reproduced and are attached hereto.

The source mentioned above advised on January 8, 1975, that approximately 35 people, including the NA/NYA staff, attended the NA/NYA meeting on January 7, 1975, at the Ramada Inn of Alexandria, which featured a talk by Richard Cotten on the Anti-Defamation League of the B'nai B'rith. The informant said that the formal meeting lasted from approximately 8:00 p.m. to 9:00 p.m., and included talks by Dr. William L. Pierce, Executive Director of NA/NYA, and Dennis Warren Nix, NA/NYA organizer, in addition to Cotten's speech. Pierce reportedly discussed the current Middle Eastern political crisis and the domestic economic crisis in the context of NA/NYA political and racial philosophy, while Nix spoke on the political, social and cultural implications of the rapidly growing non-white racial minority.

The informant estimated that sixty to one hundred dollars was taken in at the meeting from admission charge of one dollar per person and from the sale of literature.

Fellow American:

With my apology for the short notice, I thought to advise you that I will be speaking at the National Alliance meeting in Alexandria this Tuesday, January 7th. As you are probably aware, the National Alliance is an adjunct of the National Youth Alliance, an organization that is doing quite a remarkable job under Dr. Pierce's leadership. The manner in which they have managed to get their publication, *Attack!*, on newsstands throughout the Capital is truly quite remarkable.

Dr. Pierce has done a remarkable job of exposing the Masters of the Media, and it is due to this that I will be speaking on the A.D.L. All too few Americans fully understand how it works. We had better learn.

The meeting time is 7:00 pm, Tuesday, January 7, 1974  
The meeting place is the Ramada Inn of Alexandria, 901 North Fiarfax Street, just south of National Airport, in the United Way hall, on the second floor.

I believe a \$1.00 donation is in order, for any further information may I suggest that you call the National Alliance, Box 3535, Washington, D. C. 20007, telephone 525 3223.

Mrs. Cotten and I will hope to see you there.

Sincerely yours, FOR GOD AND COUNTRY,

and supported by CARTO until 1970, when it became deeply indebted to creditors and practically inactive. During 1970, William L. PIERCE, Information Officer and theoretician of the National Socialist White People's Party (NSWPP), formerly the American Nazi Party, had a falling out with NSWPP Commander MATTHIAS KOEHL, JR., over the leadership of the NSWPP, and was expelled by KOEHL from the party.

PIERCE and BYERS joined together to take over control of the National Youth Alliance, and the organization was chartered on 10/14/70 as a Virginia corporation with BYERS as President and PIERCE as Secretary-Treasurer. PIERCE and BYERS were accused by CARTO of stealing the Liberty Lobby mailing list and using it to initiate the new National Youth Alliance organization. A lawsuit instituted by CARTO to recover damages from PIERCE dragged on for several years and eventually was dropped. Subsequently, BYERS was removed as president of the National Youth Alliance, in order to avoid liability for the debts of the previous organization, but PIERCE and BYERS continued to maintain a close association.

PIERCE established National Youth Alliance Headquarters at 1656-33rd Street, N.W., Washington, D.C. (WFO) in the latter part of 1970, and it remained there until August, 1972. During this period, the Bureau concurred in a recommendation by Alexandria that WFO become office of origin in the investigation of PIERCE, who then resided at Triangle, Virginia, since the activities of PIERCE and the National Youth Alliance were inseparable. WFO has remained office of origin to the present time, although PIERCE changed his residence in the latter part of 1972 to Fredericksburg, Virginia, territory of the Richmond Office.

In August, 1972, headquarters of the National Youth Alliance was moved to 1022 Wilson Boulevard, Suite 2012, Arlington, Virginia, although the National Youth Alliance

WFO 157-6371

Headquarters mailing address continued to be published as Box 3535, WDC. The National Alliance was chartered in the state of Virginia on 2/25/74, and headquarters for the National Alliance/National Youth Alliance was established at about that time at 703 South 23rd Road, Arlington, Virginia; however, the headquarters mailing address continues to be published as Box 3535, WDC. Since the creation of the National Alliance in February, 1974, all activities and all publications (except "Action," the internal bulletin of the National Youth Alliance) carry the name of the National Alliance, and the National Youth Alliance is described in organizational publications as a subsidiary of the National Alliance, which exists for members and supporters of the "movement" under thirty years of age.

#### RECOMMENDATIONS

1) It is recommended that future investigation of the National Alliance and the National Youth Alliance be combined in one file captioned "National Alliance/National Youth Alliance."

2) It is recommended that Alexandria be made office of origin in the investigation of National Alliance/National Youth Alliance, since organizational headquarters is located in Arlington, Virginia and most activities and principals are centered in the Arlington-Alexandria area.

3) It is recommended that either Alexandria or Richmond be made office of origin in the investigation of WILLIAM LUTHER PIERCE, since PIERCE is on the ADL and neither resides nor is employed in WDC at this time.

to National Alliance/National Youth Alliance and Alexandria is being made Office of Origin. FD-128 reflecting this change has been prepared by WFO.

UACB, FD-128 changing Office of Origin in the case on PIERCE to Alexandria will be prepared by WFO, together with a current LHM on PIERCE.

Alexandria has suggested that the case on [redacted] also should be handled by Alexandria, since this informant provides coverage on both PIERCE and National Alliance/National Youth Alliance. It is pointed out, however, that this informant provides coverage on many individuals and organizations in addition to PIERCE and National Alliance/National Youth Alliance.

[redacted]  
It would seem illogical for WFO to transfer its primary source on white extremist activities to another office and then be obliged to request information from that office regarding individuals and organizations for which WFO is Office of Origin.

It is further noted with respect to [redacted]

Re WFO letter to Bureau, 3/21/75.

Alexandria agrees with the recommendations of WFO and in the future will conduct investigation concerning captioned organizations from one file, AX 157-27. UACB, Alexandria will assume origin in the investigation of the NA/NYA. Since most of the daily activities of WILLIAM L. PIERCE take place in the Arlington area, it appears most logical that Alexandria also be origin in his case. WFO should submit PD-128 with current report or LHM.
